

Export to Banner (Version 1.0)

1.0 Project Summary

1.1 Proposal and award documents - Click "Select or Revise Existing" to view documents.

- Project Documents includes all items provided with proposal submission. If budget spreadsheet is not available here check FOAPAL area for link to VERAS budget.
- Project Contracts includes all award and modification documents.

Attached Project Documents

Version	Title	Category	Last Modified	Last Modified By	Checked Out By
No Document(s) have been attached to this form.					

Attached Project Contracts

Version	Title	Contract Type	Service Agreement	Last Modified By	Date Last Modified	Checked Out	View Document
No Contract(s) have been attached to this form.							

1.2 Export Date (this field not to be completed until secondary review of form is complete and award is ready to export).

Exports to: FGJAVCD journal document date; FRBPROP_ORIG_PREP_DATE;
FRBPROP_STATUS_DATE

Export Final Reviewer: *First Name Last Name (Sami Gupta, Sarah Martonick, Blair Ehlert, Michele Mattoon)*

1.3 Use for working notes (delete as completed) or notes for financial unit:Post Award - If funds are prepaid and in "holding" account leave notes of '\$XX,XXX funds in 220029/account 240X' for Financial Unit in this section and in FOATEXT.Financial Unit - Process zero deposit if noted.

1.4 PI

Ningjian Liang

1.5 Long title (from proposal application). Exports to FRBPROP_LONG_TITLE.

Note: No '\ ' (backslash); replace it with a '-' (dash).

Effects of Galactooligosaccharides-supplemented Greek Yogurt on Metabolic Health in Adults with Overweight and Obesity

1.6 Title (short title from proposal application). Update to Banner title format (max 35 characters).Exports to: FRBPROP_TITLE; FRBGRNT_LONG_TITLE; FRBGRNT_TITLE

Note: Banner limits this to 35 characters (including cost share/program income, etc. designations). Do NOT use a '\ ' (backslash); replace it with a '-' (dash).
Standard title format example: NSF PI Short Title

- Sponsor acronym (e.g. NSF)

- Short title from PI (as much as will fit in 35 characters)
- FYXX if continuing project with new grant code (optional)
- No '\' (backslash); replace it with a '-' (dash)

USU: BUILD Dairy: Greek Yogurt Metabolic Health (dg--mm)

1.7 Proposal code (Exports as key for FRBPROP and to FRBGRNT_PROP_CODE; FTVFUND_PROP_CODE (all funds))

V260675

1.8 Start and End dates

Requested project period (pulls from proposal form)

Exports to: FRBPROP_PROJECT_START_DATE; FRBPROP_PROJECT_END_DATE

Start Date	End Date
09/15/2026	09/14/2029

Awarded project period (enter award period listed in agreement; if date of last signature complete start date after agreement is fully executed)

Exports to: FRBGRNT_PROJECT_START_DATE/FRBGRNT_PROJECT_END_DATE;

FRGBIL_BILLING_START_DATE; FRGBIL_BILLING_END_DATE;

FRVFUND_BUDG_PRD_START_DATE (all funds); FRREVNG_DUE_DATE (cost reimbursable billings only)

Start Date	End Date

Project Performance Period End-date: this would be the project period end-date, not the budget period end-date. If they are the same, that date would be the same.

Export to: FRAPROP.FRBPROPR_EXPECTED_GRANT_DATE & FRBGRNT.

FRBGRNT_EXPEND_END_DATE

1.9 Effective date ** Must be date of export or later for journal document to post **

Exports to FRBGRNT_STATUS_DATE; FTVFUND_EFF_DATE (all funds); FRVFUND_EFF_DATE (all funds); FTVACCI_EFF_DATE (all indexes)

The effective date for Banner is one of the following:

- Standard = The first day of the pay period that the grant start date falls in (should be a Sunday)
- 90-day preaward date, if preaward spending requested (include information in FOATEXT)
- Today's date, if this is a future setup, so that the budget journal entry will post (include information in FOATEXT)

1.10 Prime/Pass thru

Prime agency definition: the original source of the funding, even if the funds are passed through another entity

Pass through entity definition: an entity that receives an award from a sponsor and then provides a subaward to a subrecipient to carry out part of the award

- ☒ My sponsor is the prime agency
- ☐ My sponsor is a pass-through entity

1.11 Sponsor(s) - Do not change without consulting supervisor Exports based on the Associate Abrev for the sponsor/prime sponsor in the VERAS business associates table as linked to the Banner GID

This information is pulling from the proposal. It may have been incorrect or changed with the award. Review, verify and consult supervisor if update as needed.

Financial Unit - Use information below to set up SF-425 template if SF-425 is a required report.

Sponsor(s)

Exports to: FRBPROP_AGENCY_CODE; FRBGRNT_AGENCY_CODE

Sponsor Name	Sponsor ID	Sponsor Type	Sponsor Type Description	UCOP Sponsor Code	Familiar Name	Legal Name
Utah State University		University			USU	Utah State University

Sponsor Name:	Utah State University
Sponsor Type:	University
Sponsor Type Description:	
UCOP Sponsor Code:	
Familiar Name:	USU
Legal Name:	Utah State University
Street 1:	Sponsored Programs Accounting
Street 2:	2400 Old Main Hill
City:	Logan
County/Parish:	
State:	UT
Province:	
Zip:	84321
Country:	USA: UNITED STATES
Website address:	
Foreign Entity Status:	No
700-U Exemption Status:	

Prime Sponsor

Exports to grant and proposal pass-thru tabs: FRRAGPT_AGENCY_CODE;
FRRPRPT_AGENCY_CODE

Sponsor Name	Sponsor ID	Sponsor Type	Sponsor Type Description	UCOP Sponsor Code	Familiar Name	Legal Name
No Prime Sponsor has been added to this Proposal						

1.12 Award type (Exports to FRBGRNT_GRANT_TYPE)

1.13 Award Category

Exports to: FRBPROP_CATEGORY; FRBGRNT_CATEGORY
Also used with logic parameters to determine whether funding is federal, state or other and then select the revenue (FTVFUND_ACCT_CODE_REV) and deferred revenue (FRBGIL_DEFERRED_ACCT_CODE) codes for the funds and grant.

1.15 Subrecipient(s) listed in proposal application:(Note that subrecipient documents are available from the project documents in section 1).

☐ Yes ☒ No

2.0 Award Details

2.1 Sponsor Ref code/Contract

Financial Unit - If early setup is marked as 'yes' then the billing event will need to be set up in Banner FRAEVGA.

Is this an early setup?

Export change if marked as "yes" - Does not set up billing event (FRREVNG) screens

☐ Yes ☒ No

Sponsor reference code/contract # (Use "EARLY SETUP" if marked as early setup)

NOTE: If there is a PO included with the award, please include both the PO number and the sponsor award number in the Sponsor Reference Code field.

Exports to: FRBPROP_SPONSOR_ID; FRBGRNT_SPONSOR_ID

2.2 Indirect cost basis (Exports to FRVFUND_BASI_CODE_IC for all funds)

Financial Unit - Use the basis listed below to set up the SF-425 report if SF-425 reporting is required.

Select the Indirect cost basis that identifies what indirect cost base is applied in the awarded budget. Stop and alert your supervisor if the base in the awarded budget differs from the proposed budget.

Exception: Select MTDC-A: Standard as the Indirect cost basis if there is waived overhead (even if overhead is fully waived) as waived overhead is always based on our federally negotiated rate and therefore uses MTDC-A as the base. "Yes", will also need to be selected in 2.6.

2.3 Project Type

This information is pulling from proposal and used as basis for determining first four characters of program code (FTVACCI_PROG_CODE), e.g. 02 (research) and OR (organized research). Review, verify and update as needed.

Review, verify and update as needed.

Do not leave 'other' below marked – update to the correct project type for export purposes.

Note that 'Field Trial' is not Research – it is classified as "Other Sponsored Activity" when calculating the F&A rate.

Research - Basic

2.4 Location *This information is pulling from the proposal. Review, verify and update as needed.*

Used as basis for last character ("O"=On; "F"=Off) of program code (FTVACCI_PROG_CODE) and also the 3-4th characters if experiment station is marked (e.g. 02ESO).

☒ On campus

☐ Off campus

☐ Ag & Forestry Experiment Station - Research (Project Type selected above must be Research)

☐ Ag & Forestry Experiment Station - Non-research (Project Type selected above must not be Research)

On campus location

Moscow

Off campus location

Ag & Forestry Experiment Station location

2.5 Indirect Cost Rate (Exports to FRVFUND_INDR_CODE_RATE for all funds and validates to ensure code is in Banner table)

Link to UI webpage for F&A rates

Financial Unit - Use the information from below and the help tip at right to enter the appropriate indirect rate on the SF-425 template if SF-425 reporting required.

Do not use the % symbol because the export process validates the code listed against Banner tables.

For awards with *no* cost share, enter the code for the new rate according to the help tip table on the right. The code is based on:

- the date of the award (determines which negotiated rate schedule to use),
- the project type (research, instruction, other sponsored activity),
- the sponsor type and policy (industry vs. federal/non-profit rates vs. state),
- and the location (on, off, experiment station, etc.).

Example: On campus research for an award made 4/29/2021 would receive the code 21ORO.

For awards *with* cost share see additional instructions at right. Note that if the cost sharing includes waived overhead on the main grant then the rate should always start with a "W."

Review FRMFUND for 'Indirect Cost Rate Code Validation' (FRVINDR).

2.6 Waived Overhead (used for Regents reporting purposes)

Does this proposal have waived OH?

☒ Yes ☐ No

For Early Setup mark 'Yes' but leave the 'Waived OH amount' below blank.

Waived OH amount: For calculating waived overhead, the MTDC base is always used even if the award uses TDC. See help tip for instructions and examples

Reason

Provide additional explanation for 'Other' waived overhead reason:

2.7 GASB35 (Exports to User Defined Data tab FRRGUSN_SDAT_CODE_ATTR and FRRGUSN_SDAT_CODE_Opt_1)

Most sponsored projects are classified as 'Exchange' transactions, however there are a couple of exceptions to be aware of.

- Categorize as "Capital" if the award is primarily designated for fixed and capital assets (assets with a useful life extending beyond a single reporting period, including buildings, capital equipment, land and easements, machinery, vehicles, and infrastructure such as roads, bridges, sewers, dams, lighting systems, sidewalks, and tunnels)
- Categorize as "Non-exchange" if the award was processed through the UI Foundation /Gifts and were allocated for research purposes where no tangible consideration or

benefit is exchanged with the sponsor, thus classified as non-exchange awards. These are very rare and you should speak with your supervisor before you classify any award as Non-exchange.

2.8 Assistance Listing (Exports to FRBGRNT_CFDA_CODE)

A Federal Assistance Listing Number (ALN), previously known as a CFDA Number (Catalog of Federal Domestic Assistance), is a unique **five-digit code (e.g., 10.001)** that identifies a specific **federal program** providing financial aid, grants, or services.

Is the prime or pass-thru sponsor a federal entity (see section 1.11) or does the award indicate the source of funds is federal?

- No – use **NA.AAAA**
- Yes – continue

If there are multiple federal funding sources, use MULTIPLE and add details to FOATEXT line 152

Is the full ALN provided?

- Yes – **use the full ALN** (format: ##.####)
- No – consult the ALN Decision Tree Help Tip to determine the correct ALN code

Note: When processing from an early setup to a full setup, review and update the ALN as needed. (e.g. 81.RD was entered at early setup but at full setup 81.05 is listed in the award).

3.0 Banner Codes

3.1 Funding

Proposed Funding (add from original proposal so that we know whether there is a change from the award)

Exports to: FRBPROP_REQUESTED_AMT

Awarded Funding (should match the FOAPAL totals of all indexes below; export will validate)

Exports to: FRBGRNT_CURRENT_FUNDING_AMT; FRBGRNT_CUM_FUNDING_AMT; FRBGBIL_BILLING_MAX_AMT

Will the intended total funding be allocated in increments?

- ☐ No, one-time increment/Lump Sum
- ☐ Yes, multiple increments over a period of time
- ☐ Unknown

View the Proposal Form Budget here and the Proposal Form Cost Share Table in the 'Cost Share' section below:

Budget Title	Version	Budget Type/ Budget Action	Last Modified By	Date Last Modified
--------------	---------	----------------------------	------------------	--------------------

Total Intended Funding Amount: List the Awarded Funding amount, or if there is an Incremental Awarded Funding Plan provided, list the sum of all the incremental period totals. *Numeric values only.*

Export to FRAGRNT FRBGRNT_MAX_FUNDING_AMT

3.2 Department name/code

Department listed as providing space/resources below (must be only one) is the "responsible org."
Exports to: FRBPROP_ORGN_CODE_RESP_OFFICE; FRBGRNT_ORGN_CODE_RESP_OFFICE

List all PI, Co-PI, Co-I, Senior/Key Personnel, and Contributing Effort Faculty home departments or units below, with the lead PI's home department or unit listed as primary. Only PI, Co-PI, and Co-I departments will be used to determine if a proposal is "multi-college" to direct the 25% F&A College distribution, which will be listed in the Budget Section's 'Multi-College F&A Revenue Split (e.g., Phase 2 F&A Distribution)' question. List the submitting department here as well, if not already listed, including if it is a Tier III Research Center, and include all participating Research Tier III Institutes:

Department Name	Institution	Contact	Phone	Address	Primary
CALS Animal, Vet & Food Sciences-848	Regents of the University of Idaho				☒

Enter the department or Research Tier III institute that the project will be administered through for financial purposes. Your grant code and index will be set up based on this selection. Requests for additional indexes are made later in the application form. If the project will be using the facilities, resources, or people of a Tier III institute, IGS or CAES please indicate that in the "Other" section of the application form. For more information see the help tip at right:

Department Name	Institution	Contact	Phone	Address	Primary
CALS Animal, Vet & Food Sciences-848	Regents of the University of Idaho				☒

3.3 Affiliation with University-Level Research Institute (from Proposal Form)Export uses this data to create one or more User Defined Data records based on the affiliation(s) listed (see GASB35 for more information)

Older Proposal form version

- ☐ Institute for Interdisciplinary Data Sciences (IIDS), formerly IBEST
- ☐ Institute for Modeling Collaboration and Innovation (IMCI)
- ☐ Aquaculture Research Institute (ARI)
- ☐ Idaho Water Resources Research Institute (IWRRI)
- ☐ Idaho Geological Survey (IGS)
- ☐ Center for Advanced Energy Studies (CAES)
- ☐ Not Applicable
- ☐ Institute for Health in the Human Ecosystem (IHHE)

Newer proposal form version: *If notified that an institute was missed or a split needs to be updated before setup, contact the PI and institute directors for updated multi-institute split AND update the selection below for with the change.*

Reminder: As of October 20, 2025, IICS has officially merged with IMCI. For any new setups, please ensure that IMCI is selected as the Affiliation instead of IICS.

- ☒ Not Applicable
- ☐ Institute for Interdisciplinary Data Sciences (IIDS), formerly IBEST
- ☐ Institute for Modeling Collaboration and Innovation (IMCI)
- ☐ Aquaculture Research Institute (ARI)
- ☐ Idaho Water Resources Research Institute (IWRRI)
- ☐ Idaho Geological Survey (IGS)
- ☐ Center for Advanced Energy Studies (CAES)

☐ Institute for Health in the Human Ecosystem (IHHE)

☐ Institute for Innovative Climate Solutions (IICS)

☐ Idaho Forest Innovations Institute (IFII)

3.4 Multi-Institute F&A Revenue Split

The information below is based on what was provided in the proposal form. If blank, that means the PI did not identify a multi-institute split. If notified by an Institute Director, the PI, or project DGA, that an institute was missed or a split needs to be updated before setup - contact the PI and Institute Directors for updated multi-institute split AND update the selection below for with the change.

3.5 Grant code - Use help tip at right to get two-digit prefix for the responsible org; last four digits should match the last four digits of the primary fund code.

Exports to: FRBPROP_GRNT_CODE; key for FRBGRNT table; FTVFUND_GRNT_CODE (all funds)

3.6 Predecessor fund ("ZZ" plus last four digits of grant code). Export process will use this to build the predecessor fund record.

3.7 Budget

Click "Select from Budget Project Pool" to open and view the budget submitted to the sponsor.

Budget Title	Version	Budget Type/ Budget Action	Last Modified By	Date Last Modified
--------------	---------	----------------------------	------------------	--------------------

Read Only RCSP Proposal Form Questions and Review

☐ 1. Includes any of the following:

☐ 1.a. Department of Defense (DOD)

☐ 1.b. National Institute of Standards and Technology policy 800 (NIST SP 800)

☐ 1.c. Cybersecurity Maturity Model Certification (CMMC)

☐ 1.d. Controlled Unclassified Information (CUI), may also include Covered Defense Information (CDI)

☐ 1.e. Classified Information (CI)

1.f. Will or could this proposal result in a contract (not grant or cooperative agreement) from Department of Defense (direct or pass-thru)?

☐ Yes ☐ No

1.g. Does the proposal guidance (from DOD or any other entity) reference NIST SP 800, or Cybersecurity Maturity Model Certification (CMMC), or Controlled Unclassified Information (CUI), or DFARS 252.204-7012, 7019, 7020, 7021? Check yes whether or not the funding is from DOD (direct or pass-thru).

☐ Yes ☐ No

1.h. Does or will this proposal utilize or generate controlled unclassified information (link to definition) shared by the federal government with a non-federal entity (DOD or otherwise)?

☐ Yes ☐ No

1.i.1. RCSP Reviewer Name:

1.i.2. RCSP Date Review Completed:

1.i.3. RCSP Determination:

1.i.4. RCSP Ticket Number:

1.i.5. RCSP Estimated Cost:

1.i.6. RCSP Additional comments:

3.8 Additional Indexes

☐ Yes ☒ No

3.9 Special F&A Split for Multi-College/Unit projects

The information below is based on what was provided in the proposal form. If blank, that means the PI did not request a multi-college/unit split AND THIS MUST BE SOLICITED FOR SETUP. The AAN and Early Setup forms includes these instructions.

Note, the Early Setup Request or the returned Award Notice MUST indicate the multi-college /unit split when more than one college or unit is involved in the proposal work (e.g. PI from CALS and Co-PI from IIDS) so that you can enter that information here. Note that if a Tier III Research Institute is involved as 'affiliated' via the proposal form section 11 or submitting department (proposal form section 3.1) and the Co-PI or PI reports directly to the Tier III Institute and not an academic unit, the proposal would get 50% to Central, 25% to ORED for the Institute distribution, and the 25% College/unit portion would be split per the multi-college distribution. Only proposals submitted Oct 2022 – June 2023 are eligible for base distribution (more than one code for all indexes) under a multi-college/unit submission. Proposals prior to Oct 2022 that did not have the question asked, or those after July 1, 2023, MUST use multi-college distribution and have ONE F&A distro code per grant code for ALL indexes.

3.10 FOAPAL

Build multiple fund lines in the export form (index creation is done by the export process) when you have any of the following:

- PI has indicated additional indexes are requested
- Budget includes one or more subawards (remember to include appropriate UI F&A in the subaward budget). Add ES001 for the 1st subawardee, ES002 for the 2nd, and so on under column *Acct-(Subawards ESXXX)*.
- Cost share is required and one or more cost share indexes need to be associated with the cost share grant code. Remember to update the "Associated Grant" field to cost share for all cost share indexes.

**Remember -

1. The **Distribute To** code for each FOAPAL line associated with the PRIMARY grant code should be based on the department (org) code. This information is entered into the F&A Dist/CS Code field. See instructions and list of codes at right.
2. The **Cost Share** providing index code for each FOAPAL line associated with the COST SHARE grant code is entered into the F&A Dist/CS Code field. To find F&A Dist/CS Code please look into FTMCSTD in banner. If the providing index code is not setup in FTMCSTD, then needs setup before export.

3. If any cost share is housed outside of Banner it must still be manually entered into Banner Supplemental Forms (PageBuilder). Instructions are in the Post Award manual.

Program income grant codes/funds currently have to be built manually in Banner.

For information on where data fields export see help link at right.

Fund	Org	F&A Dist /CS Code	Acct- (Subawards ESXXX)	Activity	Location	Title	Primary Index	Associated Grant	Budget by PE Code
No records have been added									

3.11 Cost Share

Financial Unit - If cost share is indicated add information to invoicing/closeout section to ensure that items are captured.

- ☒ No
☐ Yes - Only as required by sponsor
☐ Yes - As required plus voluntary committed cost share
☐ Yes - Voluntary committed cost share only

3.12 Program Income

Old Proposal form question: Has program income?

- ☐ Yes ☐ No

Read-Only – New Proposal Form: Program Income Selections

Instructions: If the response to the previous question **or** any of the selections below (excluding "No, income generation is not applicable to this proposal") indicate income generation, then answer **"Yes"** to the following question **"Is Program Income applicable to this proposal?"**

- ☐ Fees for services performed, such as laboratory tests
☐ Money from the use, sale, or rental of equipment purchased with project funds
☐ Sale of supplies or items fabricated with project funds
☐ Sale of software, tapes or publications
☐ Sale of research materials, such as animals, models or reagents
☐ Fees from participants at conferences or symposia
☐ Royalties from patents and copyrights
☒ No, income generation is not applicable to this proposal

Is Program Income applicable on this proposal?

- ☐ Yes ☐ No

Proposed program income amount

Program Income grant code - Must be completed if question above is "yes."
Not currently part of export process; must be manually built in Banner.

3.13 Personnel - Exports to FRRPRPI and FRRGRPI tablesIndicator values: PI - 001; co-PIs - 002; administrators (DGAs) - 050; project

Proposal Personnel:

Remove all Chairs, Deans, and non-departmental personnel such as SPAs. These personnel should not be included in the export into Banner.

Ensure that DGA(s) are listed in the administrative section. The current list of DGAs is in the VERAS Help under section 8 OSP Lists/DGA list.

Ensure that labor redistribution (payroll cost transfer) approvers are listed as the Project Contact and that there is only one Project Contact listed. For list of approvers see help tip at right.

***Please add a Principal Investigator for the project**

Ningjian
Liang

Add any additional Co-PIs, Co-Investigators, Senior/Key Personnel, Contributing Effort Faculty, and other project staff, and their respective roles below. For definitions, see help link at right. Note, Individuals who are a party to a Malign Foreign Talent Recruitment Program are not eligible to serve as a senior/key person on an NSF proposal.

A) Additional Investigators

B) Research Support Staff

C) Primary Research Administrator

Ningjian
Liang

D) Other Administrative Personnel

***Please add a Project Contact:**

Liang, Ningjian

The Project Contact(s) will receive all important system notifications along with the Principal Investigator. (e.g. The project contact(s) are typically either the Research Services Coordinator or the Principal Investigator themselves).

Department Administration - DO NOT USE:

Add the name of the individual authorized to approve and sign off on this protocol from your Department (e.g. the Department Chair or Dean).

Please add any departmental editors from the PI/Co-PI/Co-I academic departments and the submitting department/research institute. A Sponsored Programs Administrator will be added to your proposal by OSP:

Gray, Debbie

Mattoon, Michele D.
Palagi, Stephanie
Wakefield, Robyn Adriene
Waters, Holly

Administrative Assistant Note

4.0 Billing

4.1 PMS/LOC Code (Exports to FRGBIL_PMSC_CODE)

Financial Unit - Use information below to enter award data on the appropriate letter of credit spreadsheet.

4.2 Billing address type

Address type - Always "BI" (exports to FRGBIL_ADDR_TYPE; FRBGRNT_AGENCY_ADDR_CODE)

BI

Address sequence - Use SPAIDEN to verify address sequence
Exports to: FRBGRNT_AGENCY_ADDR_SEQ_NUM; FRGBIL_ADDR_SEQNO

4.3 Minimum Billing - Use \$0 for letters of credit and fixed amount (lump-sum); use \$500 for non-LOC cost-reimbursable unless sponsor specifies lower amount or award is \$1000 or less.Exports to: FRGBIL_BILLING_MIN_AMT

4.4 Billing Type - Use "monthly" or "quarterly" for cost reimbursable; "letter of credit" for LOCs; all others for lump-sum billings.Export uses this data to determine appropriate billing format and frequency in FRREVNG tables

Financial Unit -

- **For awards not originally an early setup, verify the information entered below against the agreement terms and adjust if needed.**
- **For awards that were original early setups, set up a billing event in Banner FRAEVGA.**

4.5 Billing Frequency

Use Bi-Weekly for letters of credit; Monthly or Quarterly for cost-reimbursable; all others are for fixed-price or periodic scheduled payments.

4.6 Responsible account (must be current user; notify osp-web@uidaho.edu if update to default needed)

The personnel listed must have a valid User ID in BANNER. You must change the User ID manually if the personnel listed below is no longer with the institution. Contact OSP-Web if the User ID automatically provided needs to be updated.

HEATHERCLARK

4.7 Use Special Forms? (Export uses as part of billing format logic)

4.8 Invoice Notes (Exports to FRBEVNG_ALTERNATE_EVNT_DESC)

5.0 FOATEXT Line Item Numbers - When items are "select to include" export process will upload into FOATEXT for the grant.

5.1 HERD Survey Discipline

Post Award: Please copy and paste the listed discipline into FOATEXT line 164. If more than one discipline is listed, select the one with the highest percentage. If all disciplines have equal percentages, use the first one on the list. *The help tip has the 'Detailed Discipline List', you can open the help tip and quickly copy/paste the discipline.*

Discipline	Percent
Foods, nutrition, and wellness studies	100

5.2 Financial Unit Billing Information (100-125)

Select to include	Sequence	Printable?	Text
☐	100	☒ Yes ☐ No	Detailed IOE with invoice
