Institution (“Prime Recipient”)

Name: Idaho Department of Education
Address: 650 West State Street, 2nd Floor
Boise, ID 83702

Institution (“Subrecipient”)

Name: Regents of the University of Idaho
Address: 875 Perimeter Drive, MS 3020
Moscow ID 83844-3020

Awarding Agency
U.S. Department of Education

Principal Investigator
Janice Carson

ALN title and number Special Education Grants to States ALN 84.027A

Subaward period of performance from: July 1, 2026, to: June 30, 2027

Amount funded not to exceed: \$1,672,573.37 Subaward number: 27-5014

Project title: UNIVERSITY OF IDAHO: Center on Disabilities and Human Development – Special Education Supports and Technical Assistance (CDHD – SESTA)

This agreement (the "Agreement") is made by and between the Idaho Department of Education ("IDE" or "Prime Recipient") and The University of Idaho ("University or Subrecipient").

RECITALS

A. Idaho Code section 67-2332 authorizes public agencies in the State of Idaho to enter into agreements to perform any governmental service, activity, or undertaking which each public agency is authorized by law to perform.

B. Idaho Special Education Support & Technical Assistance -SESTA assists the Idaho State Department of Education, Special Education Department by providing professional development and monitoring supports to build the capacity of district administrators and school-based personnel to (a) increase positive student outcomes in inclusive environments through evidence-based practices and (b) increase achievement on IDEA indicators.

AGREEMENT

NOW THEREFORE, in consideration of the foregoing and the mutual promises and covenants herein contained, the parties agree as follows:

1. The IDE hereby awards this cost reimbursable subaward, as described above, to the Subrecipient, subject to the terms and conditions of the Agreement. The statement of work and budget are specified in Attachment 5, which is attached hereto and incorporated into the Agreement by this reference. In its performance of work under the Agreement, the Subrecipient shall be an independent entity and not an employee or agent of the IDE.

2. The IDE shall reimburse the Subrecipient not more often than monthly for actual allowable costs incurred as specifically outlined in the budget as shown in Attachment 5. All invoices shall be submitted monthly using the Subrecipient's standard invoice, but at a minimum shall include current and cumulative costs, and certification as to truth and accuracy of invoice. Invoices and questions concerning invoice receipt or payments should be directed to the appropriate party's Financial Contact, as shown in Attachment 4, which is attached hereto and incorporated into the Agreement by this reference.

3. A final statement of costs incurred, marked as "FINAL" must be submitted to the IDE Project Director, as shown in Attachment 4, not later than sixty (60) days after end of the period of performance of the subaward. The final statement of costs shall constitute the Subrecipient's final financial report.

4. All payments shall be considered provisional and subject to adjustment within the total estimated cost in the event such adjustment is necessary as a result of an adverse audit finding

against the Subrecipient.

5. Matters concerning the technical performance of the Agreement should be directed to the appropriate party's Project Director or Principal Investigator, as shown in Attachment 4. Technical reports are required as set forth in Attachment 5.

6. Requests for any changes in the terms, conditions, or amounts in the Agreement should be directed to the appropriate party's Administrative Contact, as shown in Attachment 4. Any such changes to the Agreement require the written approval in the form of an amendment of each party's Authorized Official, as shown in Attachment 4. Any changes applied to the budget may be in the form of written approval and will allow for adjustments within the pre-existing budget parameter. No increase or decrease in budget amount may be approved without accompanying documentation in the form of an amendment of each party's Authorized Official, as shown in Attachment 4.

7. Each party shall be responsible for its own negligent acts or omissions and the negligent acts or omissions of its employees, officers, students, and directors, to the extent allowed by law.

8. Either party may terminate the Agreement with thirty (30) days written notice to the appropriate party's Administrative Contact, as shown in Attachment 4. Furthermore, the source of funds for the Agreement is entirely federal funds. The Agreement shall in no way or manner be construed so as to bind the IDE or the State of Idaho beyond the term of any particular appropriation or award of funds by the U.S. Congress, U.S. Department of Education, or any other federal agency or entity, as may exist from time to time, or beyond the term of any particular approval of spending authority of federal funds by the Legislature or Executive Branch of the State of Idaho, as may exist from time to time. The IDE reserves the right to terminate the Agreement if, in its sole judgment the U.S. Congress or the U.S. Department of Education, or other federal agency or entity, withdraws or freezes the IDE's federal funding under the prime award or fails, neglects, or refuses to appropriate or provide sufficient funds as may be required to continue payments under the Agreement. The IDE further reserves the right to terminate the Agreement if, in its sole judgment, the Legislature or Executive Branch of the State of Idaho withdraws or freezes the IDE's spending authority relative to the prime award. In the event of any such termination, all affected future rights and liabilities of the parties shall thereupon cease within ten (10) calendar days after notice to the Subrecipient. Further, in the event of any such termination, the State of Idaho shall not be liable for any penalty, expense, or liability, or for general, special, incidental, consequential, or other damages resulting therefrom. In the event of any termination by the IDE, the Subrecipient shall be paid for all allowable, noncancelable obligations under applicable provisions of 2 C.F.R. Part 200 and 34 C.F.R. Parts 75–81.

9. No-cost extensions must be approved by the IDE. Any no-cost extension request should be addressed to and received by the IDE's Administrative Contact, as shown in Attachment 4, not less than thirty (30) days prior to the desired effective date of the requested change.

10. The Agreement is subject to the terms and conditions of the prime award and other special

terms and conditions, as identified in Attachment 2, which is attached hereto and incorporated into the Agreement by this reference.

11. The Subrecipient makes the certifications and assurances shown in Attachment 1, which is attached hereto and incorporated into the Agreement by this reference, and Attachment 2.

12. The Agreement may be executed in one or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same agreement. Electronic, facsimile, scanned, or photocopied signatures shall be deemed original signatures.

IN WITNESS WHEREOF, the parties have entered into this Agreement as of the date set forth below.

Subaward Agreement – Certifications and Assurances

By signing the Agreement, the Subrecipient's Authorized Official, as shown in Attachment 4, gives and certifies to the best of his or her knowledge and belief, on behalf of the Subrecipient, each and every of the following assurances:

1. Certification Regarding Lobbying.

1.1. No federal appropriated funds have been paid or must be paid, by or on behalf of the Subrecipient, to any person for influencing or attempting to influence an officer or employee of any agency, a member of the U.S. Congress, an officer or employee of the U.S. Congress, or an employee of a member of the U.S. Congress in connection with any

cooperative agreement, federal contract, grant, or loan, or any extension, continuation, renewal, amendment, or modification thereof, or any other award covered by 34 C.F.R. Part 82. *See also* 31 U.S.C. § 1352.

1.2. If any funds other than federal appropriated funds have been paid or must be paid to any person for influencing or intending to influence an officer or employee of any agency, a member of the U.S. Congress, an officer or employee of the U.S. Congress, or an employee of a member of the U.S. Congress in connection with this federal contract, grant, loan, or cooperative agreement, the Subrecipient shall complete and submit a Standard Form–LLL “Disclosure Form to Report Lobbying,” as provided in 34 C.F.R. Part 82, Appendix B, to the IDE.

1.3. The Subrecipient shall require that the language of this certification be included in the award documents for all subawards made by the Subrecipient, at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements), and that all such additional subrecipients shall certify and disclose accordingly.

1.4. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered. Submission of this certification is a prerequisite for making or entering into this transaction, as imposed by 31 U.S.C. § 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

2. Debarment, Suspension, and Other Responsibility Matters.

2.1. Neither the Subrecipient nor any of the Subrecipient’s principals or agents are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction nor from federal financial or non-financial assistance. Additionally, none of the participants involved in the execution of the Agreement are suspended, debarred, or voluntarily excluded by any federal department or agency pursuant to 2 C.F.R. Part 180, 2 C.F.R. Part 200, Appendix II(H) of 2 C.F.R. Part 200, or Executive Orders 12549 or 12689. Nor are such participants on the disbarred vendors list in the System for Award Management at www.sam.gov. The Subrecipient shall promptly notify the IDE by certified mail in the event that the Subrecipient or any of its principals or agents becomes debarred, suspended, or voluntarily excluded during the term of the Agreement.

3. Audits and Records. The Subrecipient agrees to comply with the requirements of 2 C.F.R. Part 200 and 34 C.F.R. Parts 76–86 and 97–99. The Subrecipient further agrees to provide the IDE, in a timely manner, with copies of any independent auditors’ reports presenting instances of noncompliance with federal laws and regulations that bear directly on the performance or administration of the Agreement. In cases where such noncompliance is reported, the Subrecipient must provide to the IDE the reporting package described in 2 C.F.R. § 200.512, and shall make all reports and other audit records prepared under 2 C.F.R. Part 200, Subpart F available for inspection

by the IDE. The Subrecipient shall keep all audit documentation and reports for a period of three (3) years following issuance of the auditor's report in accordance with 2 C.F.R. § 200.517. The Subrecipient shall cooperate with the IDE in resolving questions the IDE may have concerning the auditors' report and plan for corrective action.

4. Conflict of Interest. The Subrecipient assures the IDE that it has a written, active and enforced conflict of interest policy, which complies with the federal awarding agency's guidelines and as required by 2 C.F.R. § 200.112. It also certifies that the relevant investigator(s) are in compliance with the Subrecipient's conflict of interest policy.

5. Certifications and Assurances. In addition, where required under the prime award, the official signing for the Subrecipient on the signature page of the Agreement certifies that the Subrecipient is in compliance and shall comply with the following Federal laws:

- 5.1. 34 C.F.R. Part 84 (Drug-Free Workplace);
- 5.2. Title IX of the Education Amendments of 1972, as amended (20 U.S.C. § 1681, *et seq.*);
- 5.3. The Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107);
- 5.4. The Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended;
- 5.5. The Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970 (P.L. 91-616), as amended;
- 5.6. The Boy Scouts of America Equal Access Act (20 U.S.C. § 7905);
- 5.7. Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §3601, *et seq.*), as amended;
- 5.8. Institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514;
- 5.9. Notification of violating facilities pursuant to EO 11738;
- 5.10. Protection of wetlands pursuant to EO 11990;
- 5.11. Evaluation of flood hazards in floodplains in accordance with EO 11988;
- 5.12. Assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §1451, *et seq.*);
- 5.13. Conformity of Federal actions to State (Clear Air) Implementation Plans under

Section 176(c) of the Clear Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.);

5.14. Protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523);

5.15. Protection of endangered species under the Endangered Species Act of 1973, as amended, (P.L. 93-205);

5.16. Comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1721 et seq.);

5.17. Assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. § 470), and EO 11593;

5.18. Comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance;

5.19. Comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. § 2131, et seq.); and

5.20. 37 C.F.R. Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements."

Attachment 2

Subaward Agreement – General Terms and Conditions

1. The Agreement is subject to the Education Department General Administrative Regulation (EDGAR) at 34 C.F.R. Parts 76-86, and 97-99, as well as all sections of 2 C.F.R. Part 200 adopted by the U.S. Department of Education pursuant to 2 C.F.R. § 3474.1, *et seq.*

2. In accordance with 2 C.F.R. Part 200.308(c)(2) and 2 C.F.R. Part 200.308(c)(3) changes to key personnel must receive prior approval from the IDE.

3. As required by EDGAR for state administered programs (34 C.F.R. §§ 76.730–731 and 2 C.F.R. §§ 200.33–200.337) all records supporting claims for federal funds or relating to the accountability of the Subrecipient for the expenditure of such funds must be accessible for administrative review.

4. Any changes to the Agreement must meet the requirements of 34 C.F.R. Parts 76–86 and 97–99, as well as all sections of 2 C.F.R. Part 200 adopted by the U.S. Department of Education pursuant to 2 C.F.R. § 3474.1, *et seq.* Prior approvals are to be sought from the IDE and not the federal awarding agency.

5. Any educational materials developed under the Agreement must become the property of the Subrecipient but must be licensed to the IDE at no charge for its non-commercial use in

perpetuity. A copy of all such materials shall be submitted to the IDE upon completion of the work.

6. Pursuant to 2 C.F.R. § 200.315, the U.S. Department of Education reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for federal government purposes any work that is subject to copyright and was developed or for which ownership was purchased under the Agreement.

7. The Subrecipient grants to the IDE the right to use data created in the performance of the Agreement solely for purposes relating hereto and to the extent required to meet obligations to the federal government under its prime award.

8. Title to equipment costing \$5,000 or more and acquired by the Subrecipient with funds provided under the Agreement shall vest in the Subrecipient. When the equipment is no longer needed by the Subrecipient and the per unit fair market value is less than \$5,000, the Subrecipient may retain, sell, or dispose of the equipment with no further obligation to the IDE. However, if the per-unit fair market value is \$5,000 or more, then the Subrecipient must submit a written request to the IDE for disposition instructions.

9. Federal Grants are made subject to all Federal statutes, regulations, program terms and conditions of the Federal award. In addition to all applicable statutes and regulations, federal funds must be used in accordance with 2 C.F.R. Part 200, Subpart D-Post Federal Award Requirements, and Subpart E-Cost Principles and Education Department General Administrative Regulations (EDGAR), as applicable.

10. Any additional requirements that the IDE imposes on the Subrecipient to meet its own responsibility to the federal awarding agency including identification of any required financial performance reports must be complied with.

11. The approved restricted indirect cost rate (8.00%) negotiated between the Subrecipient and the IDE may be applied to the Agreement.

12. Federal regulations require that the IDE and auditors have access to the Subrecipient's fiscal records and financial statements as necessary for the pass-through entity to meet the requirements of 2 C.F.R. § 200.331(b) and to evaluate each Subrecipient's risk of noncompliance with federal statutes, regulations, and the terms and conditions of the Agreement.

13. UNIVERSITY OF IDAHO agrees that, when issuing statements, press releases, requests for proposals, bid solicitations, and other documents or announcements describing this project or programs funded in whole or in part with federal money, UNIVERSITY OF IDAHO shall clearly state:

13.1. The dollar amount of federal funds for the project;

13.2. The percentage of the total cost of the project which must be financed with federal money; and

13.3. The percentage and dollar amount of the total costs of the project that must be

financed by non-governmental sources.

14. The Subrecipient shall comply with the Family Educational Rights and Privacy Act the Idaho Student Data Accessibility, Transparency, and Accountability Act of 2014, Idaho Code section 33-133 (“Idaho Student Data Act”), and all other applicable state and federal privacy laws. Student data obtained or created under the Agreement shall be used only for the purposes of the Agreement; all other uses of such student data not specifically set forth in the Agreement are strictly prohibited. The Subrecipient shall immediately (within twelve (12) hours) notify the IDE of any known or reasonably suspected unauthorized disclosures of student data. The Subrecipient shall ensure that all subcontractor agreements specifically include the provisions of this section. Upon conclusion of the Agreement, the Subrecipient shall transfer to IDE any student data in its possession, custody, or control obtained or created pursuant to the Agreement. Within thirty (30) days of the conclusion of the Agreement, the Subrecipient shall destroy all copies of any such student data in its possession, custody, or control and provide written notice to IDE describing the data destroyed, date of destruction, and method of destruction. Any violation of this section may subject the Subrecipient to a civil penalty under the Idaho Student Data Act.

Attachment 3:

Idaho Department of Education Student Data Sharing Agreement

This Student Data Sharing Agreement (“DSA”) is made and entered into by and between the Idaho Department of Education (“IDE”) and The University of Idaho (“Contractor”). This DSA documents the parties’ understanding regarding Contractor’s use of Student Data to complete the Scope of Work outlined in Idaho Department of Education Contract Number 27-5014.

1. Background. The Family Educational Rights and Privacy Act (“FERPA”), 20 U.S.C. 1232g, and its implementing regulations, 34 C.F.R. 99, protects personally identifiable information in students’ education records from unauthorized public disclosure. Personally identifiable information (PII) may not be disclosed from education records without consent unless disclosure without consent is permissible under a FERPA authorized exception. One such exception allows for the disclosure of PII from education records without consent to organizations conducting studies for, or on behalf of an educational agency, such as the IDE. Reports containing information from students’ education records shall be publicly disclosed only if they do not include personally identifiable information. Aggregate data that masks personally identifiable information may be released publicly.

Idaho Code section 33-133 governs Student Data use and limitations. All Student Data provided to the Contractor shall be protected in accordance with Idaho Code section 33-133. Additional requirements and restrictions may be implemented by IDE to protect student information and privacy. The Student Data shared under this DSA shall not be linked with other data or data sets or manipulated in a way to determine the identity of particular individuals. For the purpose of protecting student privacy, a draft report shall be provided to IDE at least ten (10) working days prior to any public release of reports derived from the Student Data released under this DSA. No data or reports utilizing this data may be released until IDE has returned approval.

2. Purpose. This DSA sets forth the manner and purpose by which Student Data will be provided to the Contractor to allow the Contractor to fulfill the obligations outlined in the Scope of Work in Idaho Department of Education Contract Number 27-5014.

3. Definitions.

3.1. “Aggregate Data” means data collected and reported at the group, cohort, or institutional level that is aggregated using protocols that are effective for preserving the anonymity of each individual included in the data.

3.2. “Data Encryption” refers to ciphers, algorithms or other encoding mechanisms that shall encode data to protect its confidentiality.

3.3. “Data Storage” refers to the location and/or medium where data are permanently or temporarily reside. Data shall be stored on secured environment.

3.4. “Data Transmission” refers to the methods and technologies to be used to move a copy of the data between systems, networks, and/or workstations.

3.5. “Disclosure” means to permit access to or release, transfer, or other communication of PII contained in education or employment records by any means including oral, written, or electronic means, to any party except the party identified or the party that provided or created the record (34 CFR 99.3).

3.6. “Personally Identifiable Information” or “PII” means information that can be used to distinguish or trace an individual’s identity, such as the student’s name, the name of the student’s parent or other family, a personal identifier such as the student’s social security number, student education ID, biometric records date and place of birth, mother’s maiden name, which alone or when combined with other personal or identifying information may be linked or linkable to a specific individual. PII also includes other information that alone or in combination would allow a reasonable person in the school community who does not have personal knowledge of the relevant circumstances to identify the student with reasonable certainty.

3.7. “Student Data” means, in addition to those definitions provided by FERPA and any other applicable state or federal law, and pursuant to the Idaho Student Data Act, data collected and/or reported at the individual student level, and shall include, but not be limited to:

3.7.1. state and national assessment results, including information on untested public school students;

3.7.2. course taking and completion, credits earned and other transcript information;

3.7.3. course grades and grade point average;

3.7.4. date of birth, grade level and expected graduation date/graduation cohort;

3.7.5. degree, diploma, credential attainment and other school exit information such as general educational development and drop-out data;

3.7.6. attendance and mobility;

3.7.7. data required to calculate the federal four (4) year adjusted secondary cohort graduation rate, including sufficient exit information;

3.7.8. discipline reports limited to objective information sufficient to produce the federal annual incident reports, children with disabilities disciplinary reports and discipline reports including students involved with firearms;

3.7.9. remediation;

3.7.10. special education data;

3.7.11. demographic data and program participation information; and

3.7.12. files, documents, images or data containing a student's educational record that are stored in or transmitted through a cloud computing service.

4. Period of Agreement. This DSA shall be effective upon signatures from both parties and end on June 30, 2026, unless terminated sooner or extended as provided herein.

5. Description of Data to be Shared. The Contractor will interact with and share student and school-building specific performance data associated with GSFR General Supervision File Review, other PII elements of the Data Dashboard indicators, student and school-building specific performance from the Idaho Reading Indicator (IRI) data, Idaho Standards Achievement Test (ISAT) data, and reports for trend analyses based on student outcomes and project implementation data.

6. Data Transmission. To ensure Student Data is encrypted during transmission, all Student Data shall be electronically transmitted to the Contractor using the secure HTTPS system utilized for Student Data file transmission or other secure methods.

7. Data Security. All Student Data provided by IDE shall be stored by the Contractor in a secure environment with access limited to the least number of staff needed to complete the purpose of this DSA.

8. Protection of Student Data. The Contractor agrees to store and protect Student Data only on one or more of the following media:

8.1. Workstation Hard disk drives. Access to the Student Data stored on local workstation hard disks shall be restricted to authorized users by requiring logon to the local workstation using a unique user ID and complex password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. If the workstation is located in an

unsecured physical location, the hard drive shall be encrypted to protect Student Data in the event the device is stolen.

8.2. Network server disks. Access to Student Data stored on hard disks mounted on network servers and made available through shared folders shall be restricted to authorized users through the use of access control lists. Access shall be granted only after the authorized user has authenticated to the network using a unique user ID and complex password or other authentication mechanism that provides equal or greater security, such as biometrics or smart cards. Data on disks mounted to such servers shall be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism. Backup copies for Disaster Recovery purposes shall be encrypted if recorded to removable media.

8.3. Optical discs (e.g., CDs, DVDs, Blu-Rays) in local workstation optical disc drives. Student Data provided by IDE on optical discs shall be used in local workstation optical disc drives and shall not be transported out of a secure area. When not in use for the DSA purpose, such discs shall be locked in a drawer, cabinet, or other container to which only authorized users have the key, combination or mechanism required to access the contents of the container. Workstations which access Student Data on optical discs shall be located in an area which is accessible only to authorized individuals, with access controlled through use of a key, card key, combination lock, or comparable mechanism.

8.4. Optical discs (e.g., CDs, DVDs, Blu-Rays) in drives or jukeboxes attached to servers. Student Data provided by IDE on encrypted optical discs shall be attached to network servers and that shall not be transported out of a secure area. Access to Student Data on these discs shall be restricted to authorized users through the use of access control lists that shall grant access only after the authorized user has authenticated to the network using a unique user ID and complex password or other authentication mechanisms that provide equal or greater security, such as biometrics or smart cards. Student Data on optical discs attached to such servers shall be located in an area which is accessible only to authorized individuals, with access controlled through use of a key, card key, combination lock, or comparable mechanism.

8.5. Paper documents. Any paper Student Data records shall be protected by storing the records in a secure area which is only accessible to authorized individuals. When not in use, such records shall be stored in a locked container, such as a file cabinet, locking drawer, or safe, to which only authorized persons have access.

8.6. Student Data storage prohibited outside of the United States. In the event the DSA requires Contractor to store, process or transfer Student Data, Contractor shall store, process, and transfer Student Data only in or to facilities located within the United States.

8.7. Student Data storage on portable devices or media. Student Data shall not be stored by Contractor on portable devices or media unless specifically authorized in writing by IDE. If so authorized, the Student Data shall be given the following protections:

8.7.1. Encrypt Student Data with a key length of at least 128 bits;

8.7.2. Control access to devices with a unique user ID and password or stronger authentication method such as a physical token or biometrics;

8.7.3. Manually lock devices whenever they are left unattended and set devices to lock automatically after a period of inactivity, if this feature is available. Maximum period of inactivity is 20 minutes; and

8.7.4. Physically protect the portable device(s) and/or media by:

8.7.4.1. Keeping them in locked storage when not in use;

8.7.4.2. Using check-in/check-out procedures when they are shared; and

8.7.4.3. Taking frequent inventories.

8.7.5. When transported outside of a secure area, portable devices and media with Student Data shall be under the physical control of Contractor staff with authorization to access Student Data.

8.7.6. Portable devices include, but are not limited to; handhelds/PDAs, flash memory devices (e.g., USB flash drives, personal media players), portable hard disks, and laptop/notebook computers.

8.7.7. Portable media includes, but is not limited to; optical media (e.g., CDs, DVDs, Blu-Rays), magnetic media (e.g., tape, or Zip disks), or flash media (e.g., CompactFlash, SD, MMC).

9. Safeguards Against Unauthorized Access and Re-disclosure. Contractor shall exercise due care to protect all Student Data from unauthorized physical and electronic access. Contractor shall establish and implement the following minimum physical, electronic and managerial safeguards for maintaining the confidentiality of information provided pursuant to this DSA:

9.1. Access to Student Data shall be restricted to those authorized staff, officials, and agents who need it to perform their official duties in the performance of the work requiring access to Student Data as detailed in this DSA.

9.2. Contractor shall store the information in an area that is safe from access by unauthorized persons during duty hours as well as non-duty hours or when not in use.

9.3. Contractor shall not store any Student Data on portable electronic devices or media, including, but not limited to laptops, handhelds/PDAs, Ultramobile PCs, flash memory devices, floppy discs, optical discs (CDs/DVDs), and portable hard disks.

9.4. Contractor shall protect Student Data in a manner that prevents unauthorized persons from retrieving the information by means of computer, remote terminal or other means.

9.5. Contractor shall take precautions to ensure that only authorized personnel and agents are given access to Student Data.

9.6. Contractor shall instruct all individuals with access to Student Data regarding the confidential nature of the information, the requirements of Use of Data and Safeguards against Unauthorized Access and Re-Disclosure clauses of this DSA, and the sanctions specified in federal and state laws against unauthorized disclosure of Student Data covered by this DSA.

9.7. Contractor shall take due care and take reasonable precautions to protect Student Data from unauthorized physical or electronic access. Contractor shall meet or exceed the requirements of the Idaho Data Management Council's policies and standards, accessible at: https://boardofed.idaho.gov/research_stats/data_managment_council.asp, for data security and access controls to ensure the confidentiality, availability, and integrity of all Student Data accessed.

10. Student Data Segregation.

10.1. Student Data should be segregated or otherwise distinguishable from any other data obtained from other sources. This is to ensure that when no longer needed by Contractor, all Student Data can be identified for return or destruction. It also aids in determining whether Student Data has or may have been compromised in the event of a security breach.

10.2. Student Data should not be stored on electronic media (e.g., hard disk, optical disc, tape, etc.) that contains other data, unless:

10.2.1. Student Data are stored in a logical container on electronic media, such as a partition or folder dedicated only to the Data; or,

10.2.2. Student Data are stored in a database with no other data; or,

10.2.3. Student Data are stored within a database and that is distinguishable from other data by the value of a specific field or fields within database records; or

10.2.4. When stored as physical paper documents, Student Data shall be physically segregated from other data in a drawer, folder, or other container.

10.3. When it is not feasible or practical to segregate Student Data from other data, then both the Student Data and the data from other sources with which it is commingled shall be protected as described in this DSA.

11. Breach of Data Security. If Contractor detects a compromise or potential compromise in the IT security for Student Data such that PII may have been accessed or disclosed without proper authorization, Contractor shall give notice to IDE within one (1) business day of discovering the compromise or potential compromise. Contractor shall take corrective action as soon as practicable to eliminate the cause of the breach and shall be responsible for ensuring that appropriate notice is made to those individuals whose personal information may have been

improperly accessed or disclosed and take all steps necessary to protect against the improper use of any disclosed Student Data. Researcher shall take full responsibility for the security of all Student Data in its possession and shall indemnify and hold IDE harmless for any damages or liabilities resulting from the unauthorized disclosure or loss thereof.

12. Data Confidentiality. Contractor acknowledges the personal or confidential nature of Student Data and agrees to comply with all laws, regulations, and policies that apply to protection of the confidentiality of the data. Student Data shall not be shared unless written authorization is given by IDE.

12.1. Non-Disclosure of Student Data.

12.1.1. Individuals shall access Student Data gained by reason of this DSA only for the purpose of this DSA. Each individual (Contractor's employees or co-workers) with Student Data access shall read and sign Exhibit A, Statement of Confidentiality and Non-Disclosure, prior to access to Student Data. Copies of the signed forms shall be sent to the IDE Contact.

12.1.2. IDE may, in its discretion, disqualify at any time any person authorized access to confidential information by or pursuant to this DSA. Notice of disqualification shall be in writing and shall terminate a disqualified person's access to any information provided by IDE pursuant to this DSA immediately upon delivery of notice to Contractor. Disqualification of one or more persons by IDE does not affect other persons authorized by or pursuant to this DSA.

12.2. Penalties for Unauthorized Disclosure of Information. In the event Contractor fails to comply with any terms of this DSA, IDE shall have the right to take such action as it deems appropriate. The exercise of remedies pursuant to this paragraph shall be in addition to all sanctions provided by law, and to legal remedies available to parties injured by unauthorized disclosure.

13. Use of Student Data. IDE reserves all right, title, and interest, including all intellectual property and proprietary rights, in and to the Student Data. Student Data provided by IDE shall remain the property of IDE and shall be returned to IDE or destroyed by June 30, 2026.

This DSA does not constitute a release of Student Data for Contractor's discretionary use. Student Data may be accessed only to fulfill the obligations outlined in the Scope of Work in Idaho Department of Education Contract Number 27-5014. Any ad hoc analyses or other use of the Student Data not specified in this DSA is not permitted without the prior written agreement of IDE. Contractor shall not disclose, transfer, or sell any such information to any party, except as provided by law. Contractor shall maintain the confidentiality of Student Data gained by reason of this DSA.

13.1. Contractor is not authorized to update or change any Student Data, and any updates or changes shall be cause for immediate termination of this DSA.

13.2. IDE does not guarantee the accuracy of the Student Data provided. All risk and liabilities of use and misuse of information provided pursuant to this DSA are understood and assumed by Contractor.

13.3. Student Data provided by IDE shall not be linked with other data or data sets as a way to determine the identity of particular individuals. Student Data in any data set shall be used for statistical purposes only. Using Student Data to identify students or employers shall be cause for immediate termination of this DSA and may prevent data sharing agreements with the Contractor. If the identity of any student or employee is discovered inadvertently, Contractor shall not use this information and shall advise IDE of any such discovery.

13.4. Student Data provided by IDE cannot be re-disclosed or duplicated unless specifically authorized in this DSA.

13.5. Contractor shall follow applicable federal and state laws protecting Student Data, when displaying student information in public reports. Publicly-reported aggregated results shall not contain any group of fewer than five (5) individuals. Percent ranges should be used when the greater the uncertainty (smaller number of observations) the greater width of the reporting range. The above standards shall also be applied to the deduction, inverse, or reciprocal of individual counts and percentages. For example, if 95% were reported for a category, it could be deduced that 5% could be reported outside of that category. If deducing the 5% results in an identification of less than five (5) students, both the 95% and 5% results should be masked or ranged to avoid the disclosure of a number less than five (5).

13.6. At least thirty (30) days prior to public dissemination or release of any report using Student Data, Contractor shall provide IDE with an electronic copy of the draft report or publication. IDE will protect the draft report from public release. IDE staff will provide comments on draft that Contractor may or may not incorporate into final report. IDE reserves the right to publish the final research report on the IDE public website and has express permission from Contractor through this DSA to do so. Contractor will not release any report without IDE verification that the report follows IDE guidelines regarding data masking/student privacy.

13.7. The requirements in this section shall survive the termination or expiration of this DSA or any subsequent agreement intended to supersede this DSA.

14. Disposition of Student Data.

14.1. By June 30, 2027, Contractor shall dispose or return the Student Data received and provide written notification of disposal. Failure to do so may prevent data sharing agreements with Contractor in the future.

14.2. If requested by IDE to destroy the Student Data, Contractor shall destroy it within five (5) calendar days of request. Upon the destruction of Student Data, Contractor shall submit a statement to the IDE within fifteen (15) days of the date of disposal contact detailing the methodology of destruction.

14.3. Acceptable destruction methods for various types of media include:

14.3.1. If Student Data has been stored on paper documents, a contract with a recycling firm to recycle confidential documents is acceptable, provided the contract ensures that the confidentiality of the Student Data shall be protected. Such documents may also be destroyed by on-site shredding, pulping, or incineration.

14.3.2. Recycling is not an option for Student Documents containing confidential or sensitive information. These documents only shall be destroyed by on-site shredding, pulping, or incineration.

14.3.3. If Student Data has been stored on optical discs (e.g., CDs, DVDs, Blu-ray), Contractor shall either destroy the optical discs by incineration, shredding, or completely defacing the readable surface with a coarse abrasive.

14.3.4. If Student Data has been stored on magnetic tape(s), Contractor shall destroy the Student Data by degaussing, incinerating or crosscut shredding.

14.3.5. If Student Data has been stored on server or workstation data hard drives or similar media, Contractor shall destroy the Student Data by using a “wipe” utility that will overwrite the Student Data at least three (3) times using either random or single character data, degaussing sufficiently to ensure that the Student Data cannot be reconstructed, or physically destroying disk(s).

14.3.6. If Student Data has been stored on removable media (e.g., floppies, USB flash drives, portable hard disks, or similar disks), Contractor shall destroy the Student Data by using a “wipe” utility that will overwrite the data at least three (3) times using either random or single character data, degaussing sufficiently to ensure that the Student Data cannot be reconstructed, or physically destroying disk(s).

15. On-Site Oversight and Records Maintenance. Contractor agrees that IDE shall have the right, at any time, to monitor, audit and review activities and methods in implementing the DSA in order to assure compliance therewith, within the limits of Contractor’s technical capabilities.

16. Amendments and Alterations to this Agreement. With mutual consent, IDE and Contractor may amend this DSA at any time, provided that the amendment is in writing and signed by authorized staff.

17. Order of Precedence. In the event of an inconsistency in this DSA, unless otherwise provided herein, the inconsistency shall be resolved by giving precedence in the following order:

17.1. Applicable federal and state laws;

17.2. Any other provisions of the DSA whether by reference or otherwise.

Attachment 5:**Subaward Agreement – Scope of Work, Budget, and Budget Narrative**1. Scope of Work.

1.1. Purpose: SESTA assists the Idaho Department of Education, Special Education Department by providing professional development and monitoring supports to build the capacity of district administrators and school-based personnel to (a) increase positive student outcomes in inclusive environments through evidence-based practices and (b) increase achievement on IDEA indicators.

1.1.1. Role: The Idaho Training Clearinghouse (ITC) provides supports in the form of technical, programming, web design, instructional design, accessibility, evaluation, and

marketing expertise to (a) IDE staff and (b) Idaho SESTA staff to enhance and facilitate their work in providing statewide special education training opportunities and resources. Supports span six function areas: web design and programming; instructional design; technical; accessibility; program evaluation; and marketing.

1.2. Responsibilities: The Subrecipient will perform in accordance with its reasonable best efforts and in coordination with the IDE's Project Director, as shown in Attachment 4, the services set forth below. The services provided by the Subrecipient shall be based upon statewide and regional needs as determined by the IDE's work plan.

1.2.1. The IDE hereby agrees:

1.2.1.1. The IDE's Special Education Director, or designee, shall monitor the performance of the activities described within the Agreement and all expenditure of funds as outlined in the Special Education Process Activities table below.

1.2.2. The Subrecipient shall be responsible for the following:

1.2.2.1. Idaho SESTA assists the IDE through three types of support: (1) Special Education Process Support, (2) Universal Support, and (3) Intensive Support.

Idaho SESTA provides resources, technical assistance, and training for educational partners to improve outcomes for students with disabilities throughout Idaho.

Purpose Statement: Idaho SESTA assists the Idaho Department of Education, Special Education Department by providing resources, technical assistance, training, and monitoring supports to build the capacity of Local Education Agency (LEA) administrators and school-based personnel to (a) increase positive student outcomes in inclusive environments through evidence-based practices and (b) increase achievement on Individuals with Disabilities Education Act (IDEA) indicators.

Special Education Process Activities			
Process-driven activities will cover topics that directly impact student outcomes, such as best practices in Individualized Education Program (IEP) development and comprehensive evaluation. Process-driven guidance or training will also address items that contribute indirectly to student outcomes, such as compliant practices and the legal and ethical aspects of program development.			
Primary Audience(s): Special education directors, special education teachers, and related services professionals; process activities related to SDE General Supervision and Cyclical Monitoring are available and/or mandatory for all Idaho Local Education Agency (LEA)LEAs.

1	Results-Driven Accountability <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Indicator 9: Disproportionate Representation (Dis.Rep.). Identification</i> <i>Indicator 10: Dis. Rep. Specific Category</i> <i>Indicator 11: 60 Day</i> <i>Indicator 12: Part C to Part B</i> <i>Indicator 13: Transition</i> <i>Indicator 15: Resolution of Written Complaints</i> <i>Indicator 18: General Supervision</i>	● Support the Department in building and maintaining compliant practices ● Support the Department in providing program improvement activities related to LEA Determinations and Differentiated Levels of Support ● Support LEAs in developing and implementing corrective or proactive plans in identified areas of need	● Corrective Action Plan (CAP) trainings ● Training as needed (LEA request or Department-prescribed) to support LEA remedies ● Data Drill Down participation	● General Supervision File Review (GSFR) and technical assistance to LEAs ● Revise/replace/create guidance documents/checklists including GSFR checklists ● Continue developing CAP Library content and resources to WCAG 2.1 AA Standards ● Help Desk
Special Education Process Activities				
				● Site visits

IDAHO SESA FY27 SCOPE OF WORK

2	Comprehensive Evaluation <i>Indicator 5: Least Restrict Environment (LRE)</i> <i>Indicator 6: Pre-Kindergarten (PK) LRE</i> <i>Indicator 8: Parental Involvement</i> <i>Indicator 11: 60 Day Timeline to determine if initial special education eligibility was completed in 60 calendar days (60 Day)</i> <i>Indicator 12: Early Intervention (Part C) to preschool special education services (Part B)</i>	● Support a strong evaluation team process, including: ○ Referral ○ Reevaluation Consideration ○ Consent for Assessment ○ Assessment and Evaluation ○ Eligibility and Eligibility Report ○ The evaluation team ○ Functional Behavior Assessment (FBA)	● Statewide Face-to-Face (F2F) training ● Provide training and resources related to comprehensive evaluation ● Refine and create guidance documents ● Provide direct support to IEP teams, schools, or LEAs ● Resources and training for administrators	● Assessment Lending Library ● Multilingual Learner assessment and evaluation resources ● Quick Guides ● Technical assistance ● Help Desk ● Optional statewide e-IEP process development/refinement (re-evaluation and initial evaluation)
3	IEP Development <i>Indicator 1: Graduation Rates</i> <i>Indicator 2: Dropout Rates</i> <i>Indicator 3: Statewide Assessments</i> <i>Indicator 4: Suspensions and Expulsions</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Indicator 8: Parental Involvement</i> <i>Indicator 13: Transition</i>	● Support the development of high-quality IEPs, including: ○ Written Notice ○ Present levels of academic achievement and functional performance (PLAAPF)'s and goals ○ Accommodations and adaptations ○ Parent participation ○ IEP teams and meetings ○ Special considerations ○ Positive behavior supports, behavior intervention plans, and crisis plans ○ IEP amendments ● Support consistent practices across the state	● Statewide F2F training - Essentials, Advanced Essentials ● Revise and provide training and resources related to the essential components of the IEP process ● Refine and create guidance documents	● Module series ● Quick Guides ● Multilingual Learner guidance in collaboration with Department ● Technical assistance ● Help Desk

Special Education Process Activities

IDAHO SESA FY27 SCOPE OF WORK

		● Support creation of IEP goals connected to standards and supportive of LRE ● Consideration of Assistive Technology (AT)	● Provide direct support to IEP teams, schools, or LEAs ● Resources and training for administrators	
4	Optional Statewide e-IEP Software <i>Indicator 3: Statewide Assessments</i> <i>Indicator 11: 60 Day</i> <i>Indicator 12: Part C to Part B</i> <i>Indicator 13: Transition</i>	● Establish consistent statewide IEP documentation through development and maintenance of optional system ● Build capacity within LEAs to manage software technical assistance as appropriate ● Provide a “process” perspective to complement technical learning	● Participate in LEA training and onboarding for optional system (virtual)	● User Group (Participation) ● System Development Team (Participation) ● Resources: videos, guides ● LEA training and onboarding support ● Ongoing training ● Technical assistance ● Help Desk questions when related to process support within system
5	Discipline <i>Indicator 4: Suspensions and Expulsions</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i>	● Support strong practices related to discipline of students with disabilities	● Participate in Department webinars and other venues to reach directors and administrators	● Help Desk ● Quick Guides ● Create guidance and resources related to discipline in special education

IDAHO SESTA FY27 SCOPE OF WORK

Special Education Process Activities			
6	Special Education Manual Revisions	Review and revise SESTA resources to reflect any Manual revisions adopted by the State Board of Education and approved by the Idaho Legislature	- Statewide F2F training (Essentials, Advanced Essentials, Comprehensive Evaluation) - CAP training resources - Optional e-IEP software process updates - Help Desk - Quick Guides - All resources to meet WCAG 2.1 AA Standards

SESTA Resources and Training for Universal Practices and Targeted Supports in LEAs			
SESTA provides training and technical assistance to help LEAs address Universal (Tier 1) and Targeted (Tier 2) academic, behavioral, and social-emotional instructional needs across school environments. Topics include general environmental assessment, positive behavior management strategies, classroom set-up and management, universal design for learning, effective instructional strategies, and other evidence-based practices that support schools to create effective education environments.			
Primary Audience(s): General education and special education teachers, interventionists, and school administrators			
SOW #	Topic	Purpose	Resources and Technical Assistance
7	Behavior Tiered Supports <i>Indicator 4: Suspensions and Expulsions</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Student Well-Being</i> <i>Idaho Tiered Systems of Support</i>	- Support educators in setting up appropriate learning environments for individual learning profiles - Increase educators' understanding and application of assessment and intervention related to behavior	- Develop asynchronous online training opportunities - Participate in statewide or regional events presented by partners (e.g., Boise State Behavior Summit, Idaho - Implementation models - Antecedent and response strategies, e.g., self-regulation skills - Acute support (student- or site-specific to support teams)

IDAHO SESTA FY27 SCOPE OF WORK

SESTA Resources and Training for Universal Practices and Targeted Supports in LEAs				
			Prevention and Support (Conference)	Help Desk
8	Early Childhood (EC) <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Indicator 8: Parental Involvement</i> <i>Indicator 12: EC Transition</i>	- Develop early childhood special education teachers' skills in providing pre-academic, behavioral, and social/emotional instruction and support - Support compliant practices in early childhood identification, service provision, and IEP development	Develop modules to support early childhood developmental preschool processes	- Quick Guides - Help Desk
9	Related Service Providers <i>Indicator 3: Statewide Assessments</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 11: 60 Day</i>	- Identify areas of need for related service professionals - Ensure availability of consistent training and resources for related services providers including contractors - Support consistent and compliant practices in assessment, service provision, and IEP documentation	Workgroup for specific related service professionals	- Quick Guides - Guidance on shared goals - Help Desk - Assessment Library - Resources for LEAs that contract with providers
10	LEA Partnership (LEAP) training <i>Indicator 1: Graduation Rates</i> <i>Indicator 2: Dropout Rates</i> <i>Indicator 3: Statewide Assessments</i> <i>Indicator 4: Suspensions and Expulsions</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Indicator 8: Parental Involvement</i> <i>Indicator 13: Transition</i>	- Develop and publicize LEAP training model - Review, revise, consolidate, and catalog existing training presentations and materials	LEA Partnership training on request	Help Desk/Asana survey process for LEAs to request LEAP support and training

SESTA Resources and Training for Universal Practices and Targeted Supports in LEAs				
	Indicator 14: Post-School Outcomes <i>Idaho Tiered Systems of Support (ITSS)</i>			
11	Paraprofessionals Indicator 5: LRE Indicator 6: PK LRE Indicator 7: PK Outcomes <i>Student Well-Being</i> <i>Idaho Tiered Systems of Support</i>	- Develop paraprofessionals' skills in providing academic, behavioral, and social/emotional instruction and support under supervision - Equip special education teachers and paraprofessionals to collaborate in provision of instruction and related tasks such as data collection - Develop teacher and administrator skills in supervision and guidance of paraprofessional staff	- LEA Partnership training for teams at the building or LEA level that includes paraprofessionals and special education teachers - Support partner training for paraprofessionals	- Quick Guides - Paraprofessionals topic page on Idaho Training Clearinghouse (ITC) - maintain contents
12	Special Education and General Education Collaboration Indicator 1: Graduation Rates Indicator 2: Dropout Rates Indicator 3: Statewide Assessments Indicator 4: Suspensions and Expulsions Indicator 5: LRE Indicator 6: PK LRE Indicator 7: PK Outcomes Indicator 8: Parental Involvement Indicator 13: Transition Indicator 14: Post-School Outcomes <i>Idaho Tiered Systems of Support</i>	- Support educators' and administrators' understanding of the purpose and implementation of strong collaborative practices - Support general educators' understanding of their role in special education including adapting and accommodating for all students - Support administrators in the development of LEA-level and school-level systems	- LEA Partnership training on request - Special Education 101 online credit course	- Principals' Corner on ITC - Quick Guides - State-level conferences - Short-term student-level support

SESTA Resources and Training for Universal Practices and Targeted Supports in LEAs				
13	Special Education Teacher Support <i>Indicator 1: Graduation Rates</i> <i>Indicator 2: Dropout Rates</i> <i>Indicator 3: Statewide Assessments</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Indicator 11: 60 Day</i> <i>Indicator 13: Transition</i> <i>Indicator 14: Post-School Outcomes</i>	- Support understanding and application of compliant practices in special education processes such as evaluation/eligibility and IEP development - Support educators in creating supportive learning environments for individualized learning profiles - Support educators in maximizing the use of staff including evidence-based strategies and models of appropriate supervision and support for students and adult staff - Support educators in utilizing educational and Assistive Technology (AT) in their classrooms	- Statewide training - LEA Partnership training by request	- Help Desk - Quick Guides - Technical assistance - Module series
14	Computers for Kids <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i>	Provide refurbished laptops/computers to resource rooms and K12 students	Provide needed AT	AT Staff
15	AT Reading and Writing <i>Indicator 3: Statewide Assessments</i> <i>Indicator 5: LRE</i>	Update and develop AT-focused tools/training for students with high—and low-incidence disabilities, focusing on reading and writing, to support new SLD guidance, including AI	- Increase knowledge of AT for educators - Provide just-in-time resources for educators - Online training and materials	- AT Lending Library - Help Desk
16	AT/Accessible Educational Materials (AEM) Consultation <i>Indicator 3: Statewide Assessments</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i>	Provide brief or ongoing support for an IEP Team for a specific student regarding currently used or prospective assistive technology including Augmentative and Alternative Communication (AAC) and Accessible Educational Materials	Provide ideas to the IEP team on the types of AT that could be used to meet the student's functional need in all environments (in person or virtual)	- AT Lending Library - Help Desk

SESTA Resources and Training for Universal Practices and Targeted Supports in LEAs			
17	AT for Low-Incidence Disabilities <i>Indicator 3: Statewide Assessments</i>	● Collaborate with LEAs and Idaho Educational Services for the Deaf and Blind (IESDB) to support students with Visual Impairment Including Blindness (VIB) on statewide academic assessments with limited available embossers or Required Beginning Date (RBD) loans	● Provide technology to support accessibility on statewide assessments ● AT Lending Library

SESTA Resources and Training for Intensive and Special Education Supports in LEAs				
SESTA provides training and technical assistance to help LEAs address Intensive (Tier 3) and special education academic, behavioral, and social-emotional instructional needs for specialized programming and team-based intervention and support. This includes assessment strategies, classroom set-up and management, positive behavior support strategies, effective instructional strategies, and other evidence-based approaches that maximize individual student outcomes.				
Primary Audience(s): Special educators, special education and school teams, related services, special education administrators, and behavior specialists				
SOW #	Topic	Purpose	Training	Resources and Technical Assistance
18	Special Education Director Support <i>Indicator 1: Graduation Rates</i> <i>Indicator 2: Dropout Rates</i> <i>Indicator 3: Statewide Assessments</i> <i>Indicator 4: Suspensions and Expulsions</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Indicator 8: Parental Involvement</i> <i>Indicator 11: 60 Day</i> <i>Indicator 12: Part C to Part B</i> <i>Indicator 13: Transition</i> <i>Indicator 14: Post-School Outcomes</i> <i>Indicator 15: Resolution of Written Complaints</i> <i>Student Well-Being</i> <i>Idaho Tiered Systems of Support</i>	- Support special education administrators in understanding role and responsibilities - Support administrators in providing effective teacher and paraprofessional training - Support administrators in identifying and supporting effective classroom management and instructional practices for disabled students in special education and general education settings - Support administrators in conceptualizing and developing effective school-level and LEA-level systems and practices	Participation in outside training opportunities such as state-level conferences	- New Director Toolkit - Sample LEA procedures handbook - Help Desk

SESTA Resources and Training for Intensive and Special Education Supports in LEAs				
19	Deafblind (DB) <i>Indicator 1: Graduation Rates</i> <i>Indicator 3: Statewide Assessments</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Indicator 13: Transition</i> <i>Indicator 14: Post-School Outcomes</i>	• Increase the capacity of teachers and teams to meet the unique needs of students with deafblindness through: ○ Early identification or recognition of DB students when the IDEA eligibility is not specifically DB ○ Increasing student communication access and learning through interveners and instructional strategies ○ Secondary and early childhood transition dual sensory needs ○ Grow the knowledge of Paraprofessionals through Intervener/DB knowledge through online resources, and cover training costs for paras	• Webinars & presentations • Direct TA on request • National Center on Deafblindness <i>Open Hands, Open Access</i> modules • KEY2GEC work with SDE	• Resources on ITC • Help Desk • AT Lending Library • Lead Idaho DB Project Coordinator, AKA Low Incidence Coordinator, SESTA

SESTA Resources and Training for Intensive and Special Education Supports in LEAs				
20	Low-Incidence Disabilities, Significant Disabilities, and Complex Learners <i>Indicator 1: Graduation Rates</i> <i>Indicator 2: Dropout Rates</i> <i>Indicator 3: Statewide Assessments</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Indicator 8: Parental Involvement</i> <i>Indicator 12: Part C to Part B</i> <i>Indicator 13: Transition</i> <i>Indicator 14: Post-School Outcomes</i>	• Increase the capacity of teachers and teams to meet the needs of students who: - o have low-incidence disabilities either with or without a sensory component, - o have significant cognitive disabilities, - o are identified as having Multiple Disabilities according to the <i>Idaho Special Education Manual</i>, and/or - o are complex learners	• Webinars including webinar series • Secondary Transition resources • Structured short-term support for program development • LEA Partnership training on request • Training on use of Idaho Content Standards for teachers of students with low-incidence/significant disabilities and/or complex learners	• Quick Guides to support quality instruction and behavior support • Support LEA program development through structured short-term assistance • Help Desk
21	Idaho Tiered Behavior Supports (ITBS) <i>Indicator 1: Graduation Rates</i> <i>Indicator 2: Dropout Rates</i> <i>Indicator 3: Statewide Assessments</i> <i>Indicator 4: Suspensions and Expulsions</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Student Well-Being</i> <i>Idaho Tiered Systems of Support</i>	• In collaboration with Idaho Positive Beginnings, expand the infrastructure to lead and support Positive Behavioral Interventions and Supports (PBIS) implementation across Idaho with preK-21 alignment as part of statewide MTSS framework • Implement a data collection and management system to support evaluation and decision-making • Positively impact student behavioral outcomes within participating LEAs through the implementation of the PBIS framework • Increase awareness of PBIS as an effective, evidence-based framework to improve student outcomes	• ITBS Tier 1 refresher virtual course open to all participants, offered 1x during the year, with the option to deliver as a webinar • Tier 1 (Cohort Orange) 5-day workshop across 3-4 locations • Tier 2 (Cohort Gold) 2-day training across multiple locations	• Participate in biannual State Leadership Planning Meetings • Tier 3 Systems modules • Cohort support via: - o site-based fidelity checks - o monthly coaching calls - o check-in and end-of-year meetings • Help Desk

SESTA Resources and Training for Intensive and Special Education Supports in LEAs				
			• Tier 3 Systems (Cohort Black) 1-day training across multiple locations • Tier 3 Practices (Cohort Black) 2-day training across multiple locations	• Ongoing data entry and evaluation • Develop a plan for exiting and supporting ITBS teams upon cohort graduation • Develop a scope and sequence of professional development aligned with the tier of implementation • Create professional development content for availability in FY28 • Revise ITBS content to reflect prek-21 alignment of statewide tiered behavioral support • Develop practice-based coaching capacity, including train-the-trainer opportunities
22	Idaho Positive Beginnings [Early Childhood Positive Behavior Supports (EC-PBS)] <i>Indicator 4: Suspensions and Expulsions</i>	• In collaboration with ITBS, expand the infrastructure to lead and support PBIS implementation across Idaho with prek-21 alignment as part of statewide MTSS framework • Support state EC-PBS project:	• Twice-annual reliability training for Teaching Pyramid Observation tool (TPOT) • Webinar and online professional	• Participate in biannual State Leadership Planning Meetings • Statewide TPOT Reliability trainer; includes maintaining

IDAHO SESTA FY27 SCOPE OF WORK

SESTA Resources and Training for Intensive and Special Education Supports in LEAs			
			school-based EC special educators (ECSE) as needed • Develop practice-based coaching capacity, including train-the-trainer opportunities for ECSE and Kindergarten teachers across universal, targeted, and intensive tiers, to include classroom assessment of EC-PBIS practices • Support coaching calls • Work with the Idaho Positive Beginnings Collaborative partners to develop and maintain a 3-year ITBS training for teachers that equals 15 hours for each year • Work with ITBS to align work with 3-21 • Participate in aligning the 3-21 system for addressing how to support Head Start Programs, ELC, Home visiting, etc.

IDAHO SESTA FY27 SCOPE OF WORK

SESTA Resources and Training for Intensive and Special Education Supports in LEAs				
				- Support monthly Program Leadership Team meetings with school districts in collaboration with the Idaho Department of Education - Support participating LEAs' onboarding and use of Persistent Identifiers (PIDS)
23	Behavior Education Application Cohort Network (BEACON) and BEACON Leadership <i>Indicator 1: Graduation Rates</i> <i>Indicator 2: Dropout Rates</i> <i>Indicator 4: Suspensions and Expulsions</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Student Well-Being</i> <i>Idaho Tiered Systems of Support</i>	- Increase LEA capacity to support staff in working with students with challenging behavior - Train individuals as behavior change process experts in their LEAs - Support the development of skills related to conducting meaningful functional behavior assessments and implementing effective behavior intervention plans - Prepare participants to use assessment results to develop meaningful and function-based comprehensive intervention plans that support behavior change	- BEACON Basics learning cohort to begin summer 2026 - BEACON Leadership cohort to begin summer 2026	- Ongoing support to BEACON Basics FY26 cohort - Online courses in Canvas, associated documents and resources available on ITC as appropriate

IDAHO SESA FY27 SCOPE OF WORK

Assistive Technology				
Assistive Technology activities will increase education partners' knowledge, skills, and abilities regarding AT devices and their implementation.				
SOW #	Topic	Purpose	Training	Resources and Technical Assistance
24	AT Training by Request	● In-person and online, as led by the LEA team ● Grow AT knowledge for pre- and in-service professionals' understanding and use of AT.	● AT staff to develop and present AT training requested through Help Desk ticket, email, or online form	● Training materials ● Assistive Technology to share
25	AT Information & Referral	● In-person and online, as led by the LEA ● Grow knowledge and just-in-time information	● Support LEAs around assistive technology through phone calls, emails, brief in-person contacts, online meetings, etc.	● Onsite or distance
26	Regional Secondary Transition Fairs <i>Indicator 14: Post-School Outcomes</i>	● In-person direct support for students, families, and teachers ● Increase knowledge of AT ● Increase knowledge of secondary transition support, AT lending library support	● AT staff members attend, provide a table of AT, and answer questions	● Onsite
27	Secondary Transition Conference <i>Indicator 1: Graduation Rates</i> <i>Indicator 2: Dropout Rates</i> <i>Indicator 5: LRE</i> <i>Indicator 14: Post-School Outcomes</i>	● In-person direct support for students, families, and teachers ● Increase knowledge of AT and secondary transition agencies for secondary transition students on IEPs	● Facilitate Tools for Life AT and Secondary Transition Conference (PD credit, not ITC)	● In-person two-day conference

IDAHO SESA FY27 SCOPE OF WORK

Assistive Technology				
28	Augmentative and Alternative Communication (AAC) Camp <i>Indicator 5: LRE</i>	● In-person direct support for students, families, and educational professionals (teachers/SLPs) ● Increase knowledge and use of AAC for students, parents, education professionals, and Speech and Language Pathologists (SLPs)	● Train students to use their devices in an immersive experience ● Train parents to use AAC ● Incidental AAC training of ISU SLP grad students (PD credit, not ITC)	● In-person 4-day training
29	AAC - Elementary to High School <i>Indicator 4: Suspensions and Expulsions</i> <i>Indicator 5: LRE</i> <i>Indicator 6: PK LRE</i> <i>Indicator 7: PK Outcomes</i> <i>Indicator 12: Part C to Part B</i>	● In-person direct support for families and teachers ● Increase AAC knowledge among Speech and Language Pathologists and other professionals statewide.	● AAC 101 and best practices, as well as how to use AAC for communication in the classroom and at home	● In-person 2-day training in 3 locations around Idaho - June 2027
30	AT Secondary Transition <i>Indicator 14: Post-School Outcomes</i>	● AT-related support	● Idaho Interagency Council on Secondary Transition	● Quarterly Meetings

IDAHO SESA FY27 SCOPE OF WORK

Resources		
SOW #	Resource	Purpose
31	Assessment Lending Library	Provide access to various assessment kits, protocols, and scoring manuals for LEAs who lack resources for purchase or who wish to sample or review kits.
32	Quick Guide Library	- Compile and make available all Quick Guide resources as they become available in one easy-to-navigate location - Revise existing Quick Guides and develop new Quick Guides as needed to reflect any changes in the <i>Idaho Special Education Manual</i>
33	Special Education Teacher Resources	- Provide relevant resources in a downloadable kit for special education teachers in Idaho with access and orientation to electronic resources such as the <i>Idaho Special Education Manual</i>, the <i>IEP Guidance Handbook</i>, etc. - Print a selection of relevant resources for special education teachers and provide to training attendees and by request
34	Director Resources	Compile resources in a downloadable kit for new or less-experienced special education directors in Idaho with access and orientation to electronic resources such as the <i>Idaho Special Education Manual</i>, <i>The Educator's Guide to Student Discipline and Supports</i>, etc.
35	Low Incidence Disabilities, Autism Spectrum Disorder (ASD), Deaf/Blind/Deafblind	Provide specialized program development information through ITC for credit (e.g., ASD, Low-Incidence Disabilities, Deaf/Blind/Deafblind)
36	Assistive Technology Lending Library	Staff, maintain, and provide assistive technology demonstrations, lending, answer questions, and long-term loan to LEAs.

IDAHO SESTA FY27 SCOPE OF WORK

Continuum of Support

Continuum of Support	SESTA support is available on a continuum depending on the depth and breadth of SESTA's involvement with the LEA. SESTA's level of engagement on this continuum will guide the tracking and evaluation process.				
	Idaho SESTA Continuum of Support: 1. Resource Referral 2. Statewide Training Opportunities 3. Technical Assistance (TA) 4. Targeted Technical Assistance (TTA) 5. Application-Based Projects				
1. Resource Referral	Resource Referral includes providing access to or making LEAs aware of existing, stand-alone guidance and training materials housed and managed on the Idaho Training Clearinghouse (ITC). This level of support involves minimal interaction between SESTA Coordinators and the LEA and may often be managed through the Help Desk. <table border="1"> <thead> <tr> <th data-bbox="721 1337 753 1526">Measurables</th><th data-bbox="721 111 842 1337"> • # requests • # LEAs served • # of times accessed </th></tr> </thead> <tbody> <tr> <td data-bbox="850 1337 948 1526">Statewide Training Opportunities</td><td data-bbox="850 111 948 1337">Statewide Training Opportunities include developing and offering in-person training events to orient new and experienced special education teachers and other education professionals to the special education process and IDEA implementation.</td></tr> </tbody> </table>	Measurables	• # requests • # LEAs served • # of times accessed	Statewide Training Opportunities	Statewide Training Opportunities include developing and offering in-person training events to orient new and experienced special education teachers and other education professionals to the special education process and IDEA implementation.
Measurables	• # requests • # LEAs served • # of times accessed				
Statewide Training Opportunities	Statewide Training Opportunities include developing and offering in-person training events to orient new and experienced special education teachers and other education professionals to the special education process and IDEA implementation.				
3. Technical Assistance (TA)	<table border="1"> <thead> <tr> <th data-bbox="980 1337 1013 1526">Measurables</th><th data-bbox="980 111 1143 1337"> • # training events • # educators participating • Participant survey responses at the end of training and after a delay to measure implementation/application of skills </th></tr> </thead> <tbody> <tr> <td data-bbox="1151 1337 1216 1526">Technical Assistance refers to support, training, and information provided to individuals, schools, and/or LEAs that is limited in scope or duration of assistance.</td><td data-bbox="1151 111 1216 1337"></td></tr> </tbody> </table> Examples of TA include: ○ Informal engagement with LEA ○ Answering questions and providing resources via phone, email, or virtual call ○ Providing time-based technical assistance and/or coaching based on specific targeted outcomes (e.g., guided planning, team consultation, support for program development for extended resource room	Measurables	• # training events • # educators participating • Participant survey responses at the end of training and after a delay to measure implementation/application of skills	Technical Assistance refers to support, training, and information provided to individuals, schools, and/or LEAs that is limited in scope or duration of assistance.	
Measurables	• # training events • # educators participating • Participant survey responses at the end of training and after a delay to measure implementation/application of skills				
Technical Assistance refers to support, training, and information provided to individuals, schools, and/or LEAs that is limited in scope or duration of assistance.					

IDAHO SESA FY27 SCOPE OF WORK

Continuum of Support

	settings/programs serving complex learners), specific skills training, building-level or team-based training via LEAP) ○ Crisis response for immediate, problem-solving support for severe or intense problem behavior. This support may include virtual and/or onsite support and/or targeted technical assistance. The level of support provided will be determined based on the severity of behaviors (dangerous, harmful), existing LEA resources, and willingness to engage in prescribed technical assistance and coaching to build capacity. ○ Corrective Action Plan (CAP) training as assigned by Dispute Resolution		
	<table> <tr> <td>Measurables</td><td> ● # requests ● # LEAs served ● Educational partner groups represented ● Post-training survey ● Post-coaching survey ● CAP survey </td></tr> </table>	Measurables	● # requests ● # LEAs served ● Educational partner groups represented ● Post-training survey ● Post-coaching survey ● CAP survey
Measurables	● # requests ● # LEAs served ● Educational partner groups represented ● Post-training survey ● Post-coaching survey ● CAP survey		
4. Targeted Technical Assistance (TTA)	Targeted Technical Assistance (TTA) refers to support, training, modeling, and consultation provided to LEAs based on needs identified through a needs assessment. Training topics are aligned to the development of specific skill(s) and knowledge acquisition. Critical features of TTA include: ○ Formalized interaction and engagement with LEA ○ LEA commitment to the TTA process ○ Needs assessment (partial or comprehensive) to determine target areas ○ Periodic follow-up and follow-through ○ Targeted to specific knowledge and skill acquisition <table> <tr> <td>Measurables</td><td> ● # LEAs served ● Pre- and post-assessment data ● LEA-identified performance measure(s) such as: ○ Office Discipline Referrals (ODR) ○ Academic benchmark assessment(s) ○ “Big 5” classroom (or other) checklist ● State-level indicators (as appropriate) such as: ○ LRE (access to general education) </td></tr> </table>	Measurables	● # LEAs served ● Pre- and post-assessment data ● LEA-identified performance measure(s) such as: ○ Office Discipline Referrals (ODR) ○ Academic benchmark assessment(s) ○ “Big 5” classroom (or other) checklist ● State-level indicators (as appropriate) such as: ○ LRE (access to general education)
Measurables	● # LEAs served ● Pre- and post-assessment data ● LEA-identified performance measure(s) such as: ○ Office Discipline Referrals (ODR) ○ Academic benchmark assessment(s) ○ “Big 5” classroom (or other) checklist ● State-level indicators (as appropriate) such as: ○ LRE (access to general education)		

IDAHO SESTA FY27 SCOPE OF WORK

Continuum of Support

		○ Suspension Out of School Suspension (OSS) and In School Suspension (ISS) and expulsion rates
5. Application-Based Projects	Application-based projects are ongoing, formal projects that require application and long-term commitment from the LEA and specific staff identified by the LEA. Current projects include: ○ Idaho Tiered Behavior Supports (ITBS) ○ Idaho Positive Beginnings ○ BEACON Basics ○ BEACON Leadership	
	Measurables	● Project-identified data

FY27 Scope of Work

Purpose: The Idaho Training Clearinghouse (ITC), funded by the Idaho Department of Education (Department), is a website designed to link school professionals and parents with special education training opportunities and resources across the state.

Role: The ITC provides supports in the form of technical, programming, web design, instructional design, accessibility, evaluation, and marketing expertise to (a) Department staff and (b) Idaho Special Education Support and Technical Assistance (SESTA) staff to enhance and facilitate their work in providing statewide special education training opportunities and resources. Supports span six function areas: web design and programming; instructional design; technical; accessibility; program evaluation; and marketing.

Supports Provided

The following are provided to the Idaho Department of Education and Idaho SESTA:

- Web Design
- Programming
- Instructional Design
- Technical
- Accessibility
- Evaluation
- Marketing

Outcome of Supports

Department and SESTA staff are able to effectively and efficiently provide statewide special education training opportunities and resources.

WEB DESIGN AND PROGRAMMING SUPPORTS

SOW	ACTIVITY	TIMELINE	OUTPUT
1	ITC WEBSITE Further develop, maintain, and oversee annual 'spring clean' of ITC website (www.idahotc.com), ensuring the site structure and content are secure, conform to WCAG accessible standards, and facilitate efficient user browsability	[Q1-Q4: July-June] Apply software patches/upgrades quarterly; post content, including accessibility scans/remediations as a prerequisite [Q3-Q4: March-June] Spring clean: Create reports and other job aides; work with resource owners to update topic content. [Q1-Q4]: Audit pages for consistency and compliance	• Up-to-date and accessible ITC website content • Stable and secure web infrastructure • Quarterly reports (# unique visitors, most viewed areas/topics, etc.)
2	ITC TRAINING CALENDAR AND REGISTRATION Maintain online calendar of special education statewide training events sponsored by Department and Idaho SESTA, including internal calendar of other statewide special education events for staff use	[Q1-Q4: July-June] Trainings and registration forms posted online within 48 hours of receipt of information	• Up-to-date online calendar of trainings for public and internal staff use • Current registration forms available to public • Annual report (# F2F events, # webinar events, # registrants)
3	ITC RESOURCE LIBRARY Further develop and maintain ITC Resource Library of searchable and accessible online training and informational resources, including administrative functionalities, vetting process, and external user submission process	[Q1: July-September] Review and update content ensuring consistency and effective use of keywords for searchability [Q1-Q4: July-June] Post content. Accessibility audits.	• Up-to-date, searchable, and accessible online library of resources • Quarterly reports (# of resource views and file downloads)
4	ITC LEARNING MANAGEMENT SYSTEM (LMS) Further develop and maintain ITC LMS for offering self-directed courses for in-service credit, certificate of completion, and/or audit, including assisting instructors of record (from Department and Idaho SESTA) in developing and delivering online courses	[Q1-Q2: 1 st week Sept.-1 st week Dec.] Fall [Q3-Q4: 1 st week Jan-1 st week May] Spring [Q4: 1 st week May-last week June] Summer	• Up-to-date and accessible LMS structure and course offerings • Annual report (# courses, # credit registrants, # enrollees, % satisfied, % gained knowledge)
5	ITC CLIENT AND END USER TRAINING Conduct synchronous and asynchronous trainings and develop resource materials	[Q1: July-September] Update ITC User Manual; update current online tutorials, as needed;	• ITC User Manual

SOW	ACTIVITY	TIMELINE	OUTPUT
	on how to use the various functionalities of the ITC for content providers, subject matter experts, resource owners, and end- users (e.g., new special education directors)	conduct online synchronous training with Department and SESTA staff [Q2-Q4: October-June] Provide orientation training on ITC functionalities to new Department and SESTA staff as part of their onboarding process; develop new tutorials based on needs	On-demand recorded training(s) and online tutorials
6	SESTA HELP DESK Further develop and maintain SESTA Help Desk (v.10.0) and provide a staff training at launch, ongoing staff technical assistance during the year, and data reports for process review and improvements	[Q1: July] Review notes for any further changes not addressed during maintenance and improvement [Q1: August] Launch. Provide training if necessary based on updates [Q1-Q4: September-June] Maintenance and improvement	- Help Desk v.10.0 - Quarterly data reports provided to SESTA

INSTRUCTIONAL DESIGN SUPPORTS

SOW	ACTIVITY	TIMELINE	OUTPUT
7	ONLINE TRAINING DEVELOPMENT Provide capacity building and development supports to Department and Idaho SESTA staff in designing, producing, and hosting online training modules, tutorials and other online digital media products	[Q1: July-September] As part of SOW #5, provide training on new best practices and/or content authoring programs for online training development [Q1-Q4: October-June] Provide link to Authoring Accessible Course in Rise training to new Department and SESTA staff as part of their onboarding process [Q1-Q4: July-June] On-demand assistance provided to subject matter experts to design, produce, remediate, and host online trainings, with minimum of two weeks between receipt of final content and deadline for posting online	- Knowledgeable and capable subject matter experts regarding online instructional design - Accessible online trainings modules

TECHNICAL SUPPORTS

SOW	ACTIVITY	TIMELINE	OUTPUT
8	WEB CONFERENCING APPLICATION Maintain and oversee web conferencing application for conducting online meetings and webinars hosted by Department or Idaho SESTA, including the provision of live transcription options (based on budget and needs)	[Q1-Q4: July-June] Requests scheduled within 24 hours of receipt; recordings posted online within 24 hours of end of event; captioning posted within 2 weeks of end of event; provide pre-event preparation supports and during event technical assistance	- Technologically reliable online meetings and webinars offerings - Annual report (# meetings, # webinars, # participants, % satisfied)
9	ONLINE SURVEY APPLICATION Maintain online survey application, including user account management and assistance, for survey development and deployment upon request	[Q1-Q4: July-June] Surveys developed within 72 hours of request, depending on complexity of survey; technical assistance and troubleshooting provided to client users as needed	Technologically reliable online survey development system

ACCESSIBILITY SUPPORTS

SOW	ACTIVITY	TIMELINE	OUTPUT
10	ACCESSIBILITY TRAINING Train Department and Idaho SESTA staff on accessibility best practices in developing online documents and online trainings	[Q1: July-September] As part of SOW #5, provide training on accessibility best practices in developing online documents and online trainings, infographics, copyright, video editing, etc. [Q1-Q4: October-June] Provide enrollment information for ICAD and link to authoring accessible content in Rise training to new Department and SESTA staff as part of their onboarding process	Knowledgeable and capable subject matter experts regarding document and online training accessibility design
11	ACCESSIBILITY TECHNICAL ASSISTANCE Given an established protocol that content provided to the ITC is first checked for accessibility by the content author, provide accessibility guidance – and in some cases conduct remediation – on documents and online training materials	[Q1-Q4: July-June] Run accessibility checks on provided content; provide guidance and assistance to content authors on remediation fixes; perform remediation fixes, as needed	Accessible online content

EVALUATION SUPPORTS

SOW	ACTIVITY	TIMELINE	OUTPUT
12	DEPARTMENT PROGRAM EVALUATION Act as an external evaluator in providing program evaluation consultative supports to the Department SPDG project (and other Department special education projects as time and resources allow)	[Q1-Q4: July-June]: (1) Upon request and as time and resources allow, consult with Department staff on program evaluation needs and processes, (2) as needed, work with Department coordinators to increase formative data points to facilitate data-driven programmatic decisions and (3) support Dispute Resolution Office with CAP evaluation in terms of (a) survey design and implementation and (b) CAP attendance data	• Data collection instruments
13	SESTA PROGRAM EVALUATION Act as an external evaluator in providing program evaluation design and implementation supports to the Idaho SESTA project	[Q1: July-August] Meet with SESTA leadership and coordinators to revise program logic model, evaluation questions, and specific evaluation plans; develop corresponding data tracking system, data collection instruments, and reporting processes [Q1-Q4: September-June] Implement evaluation plans, including process checks on data quantity and quality; continue to develop and maintain interactive dashboard of district and state data; submit quarterly reports by October 31, January 31, April 30, and July 31	• Logic model • Evaluation plans • Data tracking system • Data collection instruments • Interactive data dashboard • Quarterly program evaluation reports

MARKETING SUPPORTS

SOW	ACTIVITY	TIMELINE	OUTPUT
14	DEPARTMENT PROGRAM MARKETING Provide marketing supports to Department special education projects (past examples include The SEE and Cultivating Readers) by designing marketing products such as flyer, webpage, web banner, presentation slides, promo video, and/or logo and branding guidance	[Q1-Q4: July-June] Upon request from Department staff, develop support plan of marketing products, including timelines for development and dissemination	• Marketing products
15	SESTA PROGRAM MARKETING Provide marketing supports to Idaho SESTA by designing and tracking a comprehensive marketing plan implemented through various dissemination modes: flyers, webpages, promo videos, web banners, social media posts, presentation slides, email newsletters, Department director emails, and logo and branding guidance	[Q1: July-August] Meet with SESTA leadership and coordinators to develop marketing plan, including target audiences and dissemination modes [Q1-Q4: September-June] Implement and monitor marketing plan, revise as needed	• Marketing plan, including data on dissemination modes

CDHD SESTA

Budget Justification July 1, 2026 – June 30, 2027

SALARIES (\$932,517.87)

The Center on Disabilities and Human Development (CDHD) is the State of Idaho's University Center for Excellence in Developmental Disabilities (UCEDD). The CDHD maintains ongoing core funding from the US Office of Intellectual and Developmental Disabilities, Administration on Community Living, to build an infrastructure that supports state and national activities promoting positive life outcomes for people with disabilities across the age span and their families. CDHD operates multiple state and federal projects to meet its mission. Thus, many staff members appointed to the CDHD Special Education Support & Technical Assistance (SESTA) project are also supported through the CDHD core grant and/or other federal funds. The FTE assigned to all personnel on the CDHD SESTA project is aligned with their respective roles and responsibilities, based on the projected time required to fully carry out SESTA activities.

SESTA Director, Principal Investigator, Janice Carson 0.30 FTE. Serves as the PI on the grant. Builds and monitors SESTA activities and the budget. Provides insight and support to the Idaho Department of Education's Special Education Department, building systems and support for general supervision of IDEA. She supervises the behavior, process, low incidence, and SLP SESTA staff. Oversee the development of training and technical assistance for AT/AEM/UDL and Speech and Language services/supports. She also evaluates and supports the Tools for Life conference. Janice acts as a liaison and supports the SDE staff in addressing IDEA-related needs involving AT, UDL, and AEM, and serves on the Idaho SESTA Leadership team.

Speech-Language Pathologist (SLP) Jessi Rohrbacher, 0.45 FTE. Provide speech and language, AAC, and technical assistance through training and consultations to LEAs. Provide support to SESTA coordinators and participate in GSFR, as well as offer any additional support to the Idaho Department of Education as needed. She also conducts AAC training around the state and turns it into PD. Jessi supervises AT-SESTA staff.

Business Manager/Grant Administrator, Mark Sweeney, 0.10 FTE. Performs a variety of complex, high-volume financial and grant operations. Financial duties include preparing monthly reports and projections, monitoring fund balances, communicating with external funding agencies and university financial departments, and interpreting policies to ensure fiscal operations maintain compliance. Acts as the liaison between the project and the Office of Sponsored Programs for maintaining post-award, cost accounting, billing, and documentation.

Assistive Technology/UDL; SESTA Coordinators

Statewide Low Incidence Coordinator, TBA. Identifies national speakers to conduct low-incidence webinar series, supports the development of contracts for each webinar speaker, supports/acts as the instructor of record for the series, assists in grading all papers and quizzes, attends team meetings, and assists in the design of additional regional and state training. Develop and curate training and support for education professionals on working with students who have low-incidence disabilities, including deafblindness, and provide support for GSFR.

AT Coordinator, Dan Dyer 1.0 FTE. Provides technical assistance to the SDE and SDE advisory groups, such as the Interagency Council on Secondary Transition and Accessible Instructional Materials Workgroup; oversees training of AT Professionals in the state; coordinates the annual My Tools for Life: Secondary Transition and Technology Fair; coordinates AT consultations for students served under IDEA; and coordinates the provision of training of LEA personnel through face-to-face in-service training and live webinars.

AT Consultant, Loretta (Etta) Cobb 1.0 FTE. Provides school-based AT consultations, training, and technical assistance and helps ship, repair, and maintain library devices, software, and records. Etta travels across southern Idaho to support local education agencies (LEAs) and participates in statewide SESTA training.

AT Coordinator, Mellowdee Brooks, 0.25 FTE. Provides school-based AT consultations, training, and technical assistance and helps ship, repair, and maintain library devices, software, and records. Mel travels around southcentral and northern Idaho to support local education agencies (LEAs) and participates in statewide SESTA training.

SESTA Coordinator, Vanessa Staudacher 1.0 FTE. Provides onsite support to her LEAs and provides statewide services focused on process with her BSU SESTA colleagues. across the state. She conducts district-based and statewide training and technical assistance, develops instructional materials, and supports school-based personnel to deliver special education services, as specified by the Idaho Department of Education. Additionally, under the guidance of the Idaho Department of Education, Vanessa engages in the full general supervision file-review process and supports LEAs with corrective action plans.

SESTA Coordinator, Stacey Dineen 1.0 FTE. Provides onsite support to her LEAs and provides statewide services primarily focused on Early Childhood. She also provides light ITBS and behavior support services in collaboration with CDHD and BSU SESTA. Conducts district-based and statewide training and technical assistance, develops behavioral materials, and supports school-based personnel to deliver special education services, as specified by the Idaho Department of Education. Additionally, under the guidance of the Idaho Department of Education, Stacey engages in the full general supervision file-review process and supports LEAs with corrective action plans.

SESTA Coordinator, Diana Morgan 1.0 FTE. Provides onsite support to her LEAs and provides statewide services focused on ITBS and behavior support services in collaboration with BSU SESTA. She is also collaborating with her colleagues to connect Pyramid and ITBS programs in Idaho. Conducts district-based and statewide training and technical assistance, develops behavioral materials, and supports school-based personnel to deliver special education services, as specified by the Idaho Department of Education. Additionally, under the guidance of the Idaho Department of Education, Diana engages in the full general supervision file-review process and supports LEAs with corrective action plans.

Idaho Training Clearinghouse (ITC)

Director, Idaho Training Clearinghouse, Cari Murphy 0.05 FTE. Directs staffing of and oversees completion of all Idaho Training Clearinghouse web activities, including website

development and maintenance; online project management; training calendar; online training registration; training evaluation system; webinar scheduling and hosting system; online survey development, deployment, and reporting system; and credit-bearing course offerings through the ITC learning management system. She leads the project evaluation activities for Idaho SESTA and oversees/supervises the marketing and dissemination activities for Idaho SESTA. She oversees the development of the SESTA Help Desk online database-driven system and supervises the SESTA Project Coordinator. She serves on the Idaho SESTA Leadership team.

IT Analyst, Jesse Hewitt 0.80 FTE. Works with ITC director, IT specialist, and instructional systems designer to design and develop instructional and informational web pages, including HTML, CSS, and JavaScript coding to ensure website is accessible, mobile-friendly, and maximizes search engine optimization; develops, codes, and tests multi-media and web-based applications; manages the learning management system including coding and SQL database queries; performs application updates/patches on server for ITC's CMS (Content Management System) and LMS (Learning Management System) and troubleshoots application errors based on updates; manages Microsoft server using VMware by installing and updating software, performing back-ups of database and website files, managing users and file permissions. Designs and maintains the SESTA Help Desk online database-driven system.

IT Specialist, Tessa Trow, 1.0 FTE. Works with ITC Director, instructional systems designer, and IT analyst to support all IT/web functions of the Idaho Training Clearinghouse, as stated above.

Instructional Systems Designer, Sukha Worob 0.95 FTE. Responsible for designing and developing high-quality, innovative, and engaging (a) learning content and training materials and (b) instructional and informational web pages that enhance knowledge retention and transfer. Responsibilities include: contributing as a collaborative member of an instructional design team; planning and managing instructional design projects that facilitate learners in acquiring knowledge and skills in an effective and appealing manner; conferring and advising project staff and other constituents on best practices in integrating technologies into training program design; ensuring training products and web design are WCAG compliant; providing training and technical support to staff and other constituents.

Evaluation/Dissemination Coordinator, Lily Robb 0.93 FTE. Coordinates program evaluation activities under the Idaho Training Clearinghouse, including evaluation support to Idaho SESTA and the Idaho Department of Education. Designs and implements evaluation plans, creates evaluation documents and measurement tools, gathers, and organizes evaluation data, creates evaluation reports, and uses evaluation data for program improvement. Develops and implements a communication, dissemination, and marketing plan under the Idaho Training Clearinghouse, including a plan for Idaho SESTA, by establishing protocols, standards, branding, and communication plans for development and dissemination of training and project materials.

Project Coordinator, Barbara Broyles 0.90 FTE. Provides overall project management including coordination of the TA Center/Help Desk. She works closely with schools and with the Idaho SESTA coordinators to get services to LEAs in a timely manner. She tracks all requests, coordinates all training activities with support from the program advisor admin. She assists with

budget management, reporting and evaluation activities. She acts as a liaison with the University to ensure credit activities are processed. She assists with curriculum development and coordinates all liaison activities with BSU SESTA, SDE, and LEA administrators. She serves on the Idaho SESTA Leadership Team and oversees the SESTA Project Management Team.

Business Specialist, Marina Straughan 0.90 FTE. Carries out all administrative responsibilities including budget tracking, travel arrangements, scheduling meeting rooms, and training sites; works directly with the overall project coordinator to organize files, takes notes at meetings, track project activities, and works with students on travel related tasks. Responds to TA Center Help Desk requests, as needed, and attends SESTA training courses to facilitate course credit options and to manage training materials and other participant needs.

EC-PBIS and EC Expert, Melissa Crist, 0.05 FTE. Supervises the EC-PBIS Specialist and provides ongoing support to our Statewide Coordinator focused on Early Childhood. Melissa is a leader in the Idaho Pyramid project by bringing her team and funding to support Idaho. Additionally, she is deeply engaged in designing and building the statewide Pyramid-to-ITBS project.

EC-PBIS Specialist, Natalie Kinkade, 0.50 FTE. The Early Childhood Positive Behavior Interventions and Supports Specialist provides support to Idaho's EC-PBIS State Leadership Team (SLT) and program participants. Key responsibilities include scheduling and managing invites for Pyramid Model orientations, program leadership team meetings, coaching sessions, and state leadership team meetings. Additionally, this role serves as the primary point of contact for customer support to school districts and other program participants, ensuring effective communication on behalf of the SLT. The specialist also contributes to meeting agenda development, assists with training tasks, and supports data collection and evaluation efforts.

Student Trainees, 0.55 FTE. Work closely with the project coordinator and business specialist on evaluation, dissemination, lending library, and any other work needed by the coordinators and Directors. They also work closely with the ITC to perform closed captioning, document remediation, data analysis, and dissemination/marketing activities.

FRINGE BENEFITS (\$363,330.16)

The University of Idaho (UI) has negotiated a Consolidated Fringe Rate (CFR) with the federal government, which will be used for all university accounts. FY25 UI fringe rates are based on the following scale: 0.295 for faculty, 0.367 for staff, and 0.032 for students.

TOTAL PERSONNEL (\$1,295,848.03)

TOTAL TRAVEL (\$94,459.50)

State Travel (\$78,186.10)

Multiple Topic Training Events (\$15,575.90).

Essentials training statewide for six (6) trips costs \$4,736.00 for (airfare/mileage, lodging,

per diem, and ground transportation).

Advanced Essentials training in Northern Idaho for **one (1) trip** costs **\$372.00** (lodging, per diem, and ground transportation).

Comp Eval training statewide for **two (2) trips**, costing **\$2,236.00** for (lodging, per diem, and ground transportation).

BEACON training Northern Idaho for **one (1) trip**, costing **\$998.00** for (airfare/mileage, lodging, per diem, and ground transportation).

AAC Training statewide for **five trips**, costing **\$4,866.00** for (airfare/mileage, lodging, per diem, and ground transportation).

Tools for Life training practice for **three (3) trips**, costing **\$3,365.00** for (lodging, per diem, and ground transportation).

Idaho Tiered Behavior Supports (ITBS Tiers 1-3) Training Events (\$5,538.20).

Fall/Spring/Summer 2026/2027: **eight (8) trips that include** (airfare/mileage, lodging, per diem, and ground transportation) for ITBS Tier training. Each training ranges from one (1) day to five (5) days.

AT Staff Travel (\$6,000.00)

AT & AAC Consultations, Conferences, Transition Fairs, State-Level Meetings, and Statewide Trainings. Statewide AT staff and the SLP will travel to all regions for on-site consultations, state-level meetings, and statewide training with other statewide coordinators based on the average travel costs of services from previous years that include (airfare/mileage, lodging, per diem, and ground transportation).

Coordinator Staff Travel (\$28,872.00):

Statewide specialized training and TA data drill down, Blue Jeans, Ed Plan, GSFR, CAP, LEA on-site support, vicinity, coaching, etc.

LEA Support: Stacey, Diana, and Vanessa travel to their LEAs for direct onsite support, LEAP training, and CAP training. **(\$14,000)** which includes (mileage, lodging, per diem, and ground transportation).

Requested Training/TA and the BSU Summit. (Stacey, Dan, Vanessa, Jessi, Low Incidence Coordinator, and Diana) for training and TA for a total of **(\$9,000)** based on this and previous year's costs for (airfare/mileage, lodging, per diem, and ground transportation).

Blue Jeans/IASA Summer Conference presentations for **three staff** members to attend one (1) or more events, at a cost of **(\$3,270)** (airfare/mileage, lodging, per diem, and ground transportation).

Data Drill Down Stacey, Vanessa, Diana, and Janice direct TA support for the LEAs for three (3) trips costing **(\$2,080)** for (mileage, lodging, and per diem).

SDE PD Training October. Stacey, Vanessa, Diana, and Janice support the training at **(\$522)**.

F2F Meetings, for three (3) staff, which do not include hotel stays. **(\$600)**

Face-to-Face All Staff SDE Meetings and Janice's SDE Support Trips (\$21,600). All SESTA staff travel to Boise for F2F meetings and Janice's trips to Boise to support SEAP, DAC, and General Supervision work.

National Travel (\$16,273.40)

In past years, we have asked for funds to cover the national conference/professional development for staff members. This is consistent with Idaho SESTA collectively. We would support AT, tech, evaluation, dissemination, school-based conferences at the state and national level, PBIS and ABA, early childhood, and low-incidence disabilities (DEC, Early Years, Pyramid conference). Projected costs for national and professional development are detailed below.

National/State Professional Development Conferences:

Five national trips to attend professional PD, provide a presentation, or attend EC-focused conferences at an average of \$3,254.68 to cover air travel, lodging, per diem, and ground transportation.

OPERATING EXPENSES (\$135,853.00)

Training and TA (\$71,403.00)

Assistive Technology School-Based Consultants and Expert Contractors (\$9,500) total.

To be completed by the ATPs and ATSSs, additional Assistive Technology

Professionals/Specialists with specialties in severe multiple disabilities will provide approximately seven (7) consultations for no more than \$500 each for a total **(\$2,500)**.

AAC one-day training in three (3) locations around the state focused on early childhood. One (1) expert contractor who will support the SESTA SLP, Jessi Rohrbacher, in developing, delivering, and traveling the state to present on elementary to secondary AAC. **(7,000)**.

Advancing Adventures in Communicating - AAC Camp (\$1,000). Support for the 13th annual five-day camp for Augmentative and Alternative Communication (AAC) users. The camp is designed to give AAC users a chance to meet other AAC users and participate in fun, engaging activities that promote language and communication. Approximately 40 campers and 20 counselors will be in attendance.

Computers for Kids (\$2,500). Many students served under IDEA lack access to computers.

Providing high-quality refurbished computers for students' use at home or school, and refurbished computers for rural special education resource rooms, helps bridge the technology divide for students. Partnering with the Computers for Kids program or another non-profit is a cost-effective and efficient way to provide students with computers. The prices of computers are approximately: desktop computers, \$75 to \$95; laptops, \$125; and Chromebooks, \$65.

AT Lending Library Materials, under \$350/each (\$1,000). Allows LEAs around the state to borrow equipment on a short-term basis for trials at no charge. A cache of AT will continue to be maintained to support students with higher- and lower-incidence needs. See the non-capital line for additional Lending Library expenses. Assistive technology equipment, software, upgrades, and maintenance purchased for up to \$350. It is necessary to conduct consultations with students with disabilities and/or lend the equipment to students to try before the LEA purchases its own.

My Tools for Life: Secondary Transition and Technology Fair (\$18,000). Assist with all aspects of the Fair, including registration, keynote speakers, breakout sessions, stipends for high school students (covering transportation, hotel accommodations, and food), and AV support.

Other partners have included the Idaho Department of Vocational Rehabilitation, the Idaho Department of Health and Welfare, and the Idaho Assistive Technology Project. Some of the funds will be used for purchasing food for participants.

SESTA Training Expenses (ITBS, Essentials Beg/Advanced, Comp Eval, BEACON, and

AAC) (\$28,603.00). The cost for 16 locations includes equipment, facility rentals, and curricular material costs.

Low Incidence Webinars (\$10,800). Nine (9) webinars at \$1,200 for each webinar.

Idaho Training Clearinghouse (\$41,500)

Web conferencing subscription and integrated audio for toll-free=\$1,300; Project management subscription for 40 users=\$5,300; Online survey subscription=\$5,500; Content/learning management system renewal=\$6,900. Other software (e.g., Articulate, ChatGTP, BuzzFeed)=\$10,000; Newsletter/marketing software (MailChimp)=\$2,500; Accessibility services for captioning, live transcription, document remediation, and testing of web content=\$10,000.

Additional Operating (\$22,950)

Printing=\$1,500, Postage=\$500, Registration for Conferences=\$5,000, General Supplies=\$100, Computer Software Supplies Such as AT Tracking Software, Dropbox, Kahoot, Canva, Portable Monitor= \$1,300, Other=\$2,400, Curriculum Materials=\$150.

The EC-PBIS Data System will collect all data from all early childhood programs implementing EC-PBIS (PIDS). The data system will provide teachers, program administrators, and state leaders with data points to support child-supported decision-making, program planning and professional development needs, and overall evaluation effectiveness across the three (3) implementing sectors: IDEA Part B Section 619, child care, and Head Start. \$12,000 annual fee (half covered by IdahoSTARS)=\$6,000, New K-TPOT instrument training and support from the University of South Florida (\$6,000).

PARTICIPATION SUPPORT (\$9,200)

An estimated 60 educational professionals can receive PD credits for ongoing behavioral leadership and SPED101 training at \$120 per person (\$7,200). Four paraprofessionals can receive training focused on supporting students with low-incidence disabilities, including deafblindness, for \$500 per person (\$2,000). No indirect charges.

NON-CAPITAL EQUIPMENT (\$14,000)

Non-capital outlay includes equipment over \$350 and under \$5,000.

- Assistive Technology lending library equipment between \$350 to \$4999 = \$10,000
- One computer at \$3,400 to replace the currently outdated computers used by the CDHD SESTA project, and other equipment needed is \$600.

Total Direct Costs = \$1,549,360.53

Indirect Costs (8%) = \$123,212.84

Total Project Costs = \$1,672,573
